

VOTE SHEET

DATE: February 6, 1996

RE: DOCKET NO. 960090-TP - Generic investigation into dialing plans implemented throughout Florida.

Issue 1: Recommendation that the Commission initiate an investigation to determine the extent of the problems associated with the dialing patterns ordered by the Commission.

APPROVED

Issue 2: Recommendation that the Commission delay implementation of the dialing patterns ordered in Commission Orders PSC-95-1391-FOF-TL and PSC-95-1048-FOF-TL until staff is able to recommend an appropriate dialing pattern. The Commission should require BellSouth to retain the existing dialing patterns until the investigation is completed. Delaying implementation of the dialing patterns does not impact the rating of ECS calls.

MODIFIED

Approved with addition of order PSC-96-0123-FOF-TL to those orders where implementation of dialing patterns will be delayed.
