P R O C E E D I N G S

(Hearing convened at 10:00 a.m.)

CHAIRMAN CLARK: Ladies and gentlemen, it's 10 o'clock, and we are ready to start this hearing. There are a few formalities that we go through. One of which is reading the notice, and we take appearances. We are going to do that now before we get to taking your comments.

Would you please read the notice?

MS. CAPELESS: Pursuant to notice, this time and place has been designated for a customer service hearing in Docket No. 950495, application for a rate increase and increase in service availability charges by Southern States Utilities, Inc.

CHAIRMAN CLARK: Thank you. We'll take appearances starting with you Mr. Hoffman.

MR. HOFFMAN: Thank you, Madam Chairman.

My name is Kenneth A. Hoffman. My address is 215 South Monroe Street, Suite 420, in Tallahassee, Florida 32301, and I'm appearing this morning on behalf of Southern States Utilities.

CHAIRMAN CLARK: Mr. Shreve.

MR. SHREVE: Jack Shreve and Charlie Beck, Office of the Public Counsel, appearing on behalf of the Citizens of the State of Florida in opposition of

1 the rate increase.

2 MS. CAPELESS: Rosanne Capeless, appearing
3 on behalf of the Commission Staff.

4 CHAIRMAN CLARK: Thank you. My name is
5 Susan Clark, I'm the Chairman of the Public Service
6 Commission. To my right is Commissioner Terry Deason,
7 to his right is Commissioner Diane Kiesling. To my
8 left is Commissioner Joe Garcia. You'll notice
9 there's another name plate for Commissioner Julia
10 Johnson. We do expect her to arrive and participate
11 in this hearing.

12 The purpose of this hearing today is to hear
13 from you, the customers of SSU. We are particularly
14 interested in hearing about the quality of service you
15 receive from this utility, and we are interested in
16 your comments about the rate increase.

17 This case began when SSU filed a petition
18 for an increase in water and wastewater rates. Along
19 with the petition, they filed numerous financial,
20 engineering, and rate documents which they allege
21 substantiates their need for a rate increase.

22 The utility has requested a two-tier uniform
23 water rate, along with a uniform wastewater rate. The
24 utility has requested a final rate increase of up to
25 45.9% for water and 30.21% for wastewater. The

1 utility also requested interim rates and on January
2 4th, we granted part of their request for an increase
3 on an interim basis. That increase is under bond, and
4 it is subject to refund depending on the final outcome
5 in this case.

6 During the pendency of the proceeding,
7 parties who have intervened may solicit further
8 information from the utility through interrogatories
9 and depositions. And Mr. Shreve and Mr. Beck have
10 been doing that along with other intervenors. We will
11 also have a technical hearing starting April 29th at
12 which the Company and the intervenors will present
13 evidence and testimony regarding the requested rate
14 increase. As I said, that technical hearing will
15 start on April 29th, and it will last approximately
16 two weeks.

17 This is a customer service hearing. We have
18 held -- or will hold over 20 customer hearings to
19 gather information from the customers. After we have
20 held all service hearings and the technical hearing,
21 the Commission will meet again in what is called an
22 agenda conference, and we will take up our Staff's
23 recommendation regarding the rate increase.

24 I want to emphasize the purpose of our being
25 here today is to hear from you. However, before we

1 get started, we have allowed parties to give brief
2 opening statements regarding their positions in this
3 rate case. So we will start with those openings
4 statements. Mr. Hoffman, representing the utility,
5 will go first. He will give no more than a
6 five-minute presentation, and then Mr. Shreve will
7 give a five-minute presentation.

8 Mr. Hoffman, go ahead.

9 MR. HOFFMAN: Thank you, Madam Chairman.
10 Good morning again, ladies and gentlemen. My name is
11 Ken Hoffman, and I represent Southern States. The
12 rates that you are currently paying today are based on
13 a test year, and that is a ratemaking term which uses
14 1991 plant and expenses. Beginning in 1992, Southern
15 States has placed -- or will by the end of this year,
16 1996, place in service over \$100 million of additional
17 facilities and equipment that is necessary to provide
18 service. The Company has not earned one penny of
19 return or profit on this plant.

20 Now, what have been the results of these
21 expenditures? Southern States has provided proof to
22 this Commission that it has earned less than a 3%
23 return on its plant in service in 1994. Because the
24 Company is spending approximately \$20 million per year
25 on these types of necessary facilities, even the 3%

1 return from 1994 has been diminished so that the
2 Company currently finds itself losing money unless
3 rate relief is provided by the Commission.

4 Now, you may ask yourself, why is Southern
5 States undertaking these types of expenditures when it
6 is earning so little or actually losing money? The
7 answer is in large part because the Company is
8 required to do so. The Company has a statutory
9 obligation to provide service. And in doing so, the
10 Company is required to meet ever increasing
11 environmental standards and rules intended to protect
12 the public health. These environmental regulations,
13 as well as quality of service improvements, account
14 for over half of the new plant in service that I
15 previously referred to.

16 Now, this rate case, as Chairman Clark said,
17 will provide a full and open forum for the parties,
18 including the intervenors who oppose the rate
19 increase, to be heard. They will fully explore any
20 issues concerning the plant in service that I've
21 referred to. These issues will be addressed by
22 witnesses presented by the Company and by the
23 intervenors, will testify under oath, and the issues
24 will ultimately be resolved by the PSC.

25 Now, I believe that our witnesses will

1 demonstrate to the Commission that Southern States has
2 invested wisely and prudently and in a manner required
3 to protect the health of our customers and protect the
4 quality of our environment.

5 I'd like to take a moment to give you one
6 example of an issue which may come up in this case.
7 You may have heard that Southern States made a
8 multimillion dollar profit on the sale of some of its
9 facilities in 1994, that's true. Against the
10 Company's wishes, Sarasota County decided that it
11 wanted to purchase the Company's facilities. Southern
12 States lost its assets, its customers, and its
13 revenues from those customers forever. This forced
14 sale involved assets that have never been paid for
15 through rates charged to our customers who are under
16 the jurisdiction of this Commission.

17 Commission precedent is very clear that in
18 such a case, the gain or loss on such a sale -- in
19 this case it was a gain -- is not to be factored into
20 the final determination of rates for our customers who
21 the Commission does have jurisdiction over, customers
22 such as you. I would add that this Commission
23 precedent has been challenged by the office of Public
24 Counsel and has been affirmed by the First District
25 Court of Appeal. In other words, the First District

1 Court of Appeal has affirmed the Commission's manner
2 of handling these types of gains and losses.

3 That brings me to the last issue, rate
4 structure. A final order was issued in the Company's
5 last rate case in 1993. In that case the Company
6 requested what we call a modified stand-alone rate
7 structure. That request was not approved. Instead,
8 the Company ordered -- excuse me, the Commission
9 ordered the Company to implement its final rates and
10 revenue requirement pursuant to a uniform rate
11 structure. That decision was appealed. As a result
12 of that appeal, the court reversed the uniform rate
13 structure. The court found that Southern States must
14 demonstrate first to the Commission, if it wants
15 uniform rates, that it operates as one functionally
16 related system.

17 Earlier this month in this rate case, the
18 Commission approved an interim rate increase for
19 Southern States based on a modified stand-alone rate
20 structure. The Commission ordered Southern States to
21 implement the modified stand-alone rate structure
22 because the court had reversed on the uniform rate
23 structure. The Company has filed tariffs to implement
24 the rate increase. But we still maintain in this rate
25 case that uniform rates are appropriate, and we have

1 presented evidence which we believe meets the criteria
2 set forth by the court to have uniform rates. But you
3 need to understand that rate structure is a decision
4 ultimately made by the Commission.

5 I would also want to point out to you that
6 we were involved in a separate case before the PSC in
7 1994 which focused primarily on the issue of the
8 appropriateness of uniform rates. And in that case,
9 the Commission confirmed that a uniform rate structure
10 is the most appropriate rate structure for Southern
11 States.

12 We believe uniform rates provide the best
13 means to ensure that all of our customers pay
14 reasonable rates and will be protected from
15 significant rate shock in the increasing costs of
16 environmental compliance. I would also add that
17 uniform rates is the same type of rate structure
18 historically used by electric and telephone companies
19 and has been approved for water and sewer utilities
20 many times over by this Commission and by a number of
21 counties who own and operate their own water and
22 wastewater systems throughout the state. So that's
23 all I have for you this morning, and I look forward to
24 hearing your comments.

25 Thank you, Madam Chairman.

1 CHAIRMAN CLARK: Thank you, Mr. Hoffman.

2 Mr. Shreve.

3 MR. SHREVE: I'll be very brief.

4 Mr. Hoffman went into the details about the --
5 something that I've been bringing up and complaining
6 about it every hearing. He didn't tell you how much
7 money Southern States walked away with. In Sarasota
8 County they sold a system that was supported by the
9 customers in Sarasota County, citizens of the state of
10 Florida. Now we are trying to bring that into this
11 rate case because they made \$19 million profit in
12 1994. And 1994 is a year that was just used to give
13 an interim rate increase to the Company. The \$19
14 million was not counted, he's right.

15 In the last case, they were able to walk
16 away with a \$6 million profit out of St. Augustine
17 Shores. We did appeal it, and we lost. The Public
18 Service Commission decided against us, and let
19 Southern States Utilities have the money. If the
20 Public Service Commission were to decide that Southern
21 States should not get the money for the profits on the
22 system that the citizens of the State of Florida had
23 been supporting all those years, then I would
24 guarantee you, they could take that appeal, and we
25 would be upheld. It's going to be a decision to be

1 made by the Public Service Commission one way or the
2 other.

3 In Sarasota County the citizens supported
4 that system and the citizens of the state of Florida
5 are entitled to the benefits of the profit and not
6 Southern States, whether it's under the jurisdiction
7 of the Commission or not. They moved to bring
8 Sarasota County or to keep any county under the
9 jurisdiction of the Commission, even though the county
10 commission had decided not to. The Public Service
11 Commission voted with them. So if that's the case,
12 that money should go to benefit the people in Florida,
13 not Southern States Utilities and Minnesota Power.

14 In all of their calculations, they leave
15 those figures out. They also leave out the fact that
16 in their purchases they have paid a great deal of
17 money less than they are receiving a return on and
18 receiving a depreciation on. The Deltona purchase,
19 they paid about \$9 million less than the Public
20 Service Commission let them have in the rate base.
21 That would affect their return and the losses they are
22 talking about, but they don't count that.

23 There was \$6 million in St. Augustine
24 Shores, \$19 million profit in Sarasota, \$9 million
25 less than they paid for the system in Deltona. A

1 significant amount less in Lehigh Acres where they
2 purchased a country club, golf course and everything.
3 It's practically like a bankruptcy sale, and they
4 wrote down everything but the utility. So all of you
5 have been paying a return on that during these last
6 few years.

7 I think I will -- there's a big explanation
8 as to why the Company needs the money they do. What I
9 think is you need some explanation as to why your
10 rates and the revenues that the Company wants should
11 be so much.

12 Palm Terrace, before the rate case that he
13 described where the test year was 1991, it was a '92
14 rate case, would have paid \$21.67 for water for 6,000
15 gallons. If the Company gets what they want, it would
16 be \$26.08 at this point. Zephyrshores would have been
17 paying \$7.64 for 6,000 gallons of water where now the
18 company wants \$36.97. For sewer, Palm Terrace would
19 have been paying \$10.02 for 6,000 gallons. Now the
20 Company would like \$44.16. Zephyrshores would have
21 paid a flat rate of \$5.69 until Minnesota
22 Power/Southern States took over. Now they want \$75.19
23 from each customer for 6,000 gallons.

24 The revenues that they want to take out of
25 your two systems in your county would be Palm Terrace,

1 the revenues that they had coming into the '92 case
2 were \$197,000. Now they want \$307,000. Zephyrshores,
3 the revenue coming into the case, \$52,000. Now out of
4 this case, they want 124,000.

5 For the sewer, with very little change in
6 the number of people that were being served, Palm
7 Terrace, 1,016; now 1,034 plus 18, a very small
8 change, they want to go from the first to the last
9 case, 98,000, all the way up to 357,000, or 3.5 times
10 as much revenue for themselves. Zephyrshores a loss
11 of 18 customers from 495 down to 477. The revenue
12 before the last case \$35,000; now they want \$187,000,
13 or roughly 5 times. There is absolutely no
14 justification for Southern States Utilities to get
15 that kind of money out of the people of the state of
16 Florida, individually or in groups.

17 Coming out of this county, they want to
18 increase in water from 249,000 to 432,000. Increase
19 in sewer charges from before the last case 133,000 to
20 544,000. There's no justification. They have not
21 provided proof at this point that would justify that.
22 The Public Service Commission should separate or allow
23 Southern States the revenues and rates that would only
24 produce a fair, just, and reasonable rate; and that is
25 all at this point. They do not deserve anything more

1 than that. We think this rate case is not going to
2 call for a rate increase, but for a rate decrease to
3 bring their rates back down to something reasonable
4 where they should be. Thank you very much.

5 CHAIRMAN CLARK: Thank you, Mr. Shreve. I
6 would also like to take this time to introduce some of
7 our other Staff that are here. They are here to help
8 you. If you have any questions, please feel free to
9 ask them.

10 Rosanne Capeless is our attorney
11 representing the Staff. Next to her is Mr. Marshall
12 Willis, who is the Bureau Chief of our Bureau of
13 Economic Regulation in our Division of Water and
14 Wastewater. At the desk behind Ms. Capeless and
15 Mr. Willis is Troy Rendell who is a rate supervisor in
16 the Bureau of Economic Regulation, which is also in
17 the Division of Water and Wastewater. Mr. Stan Rieger
18 is our engineer from the Division of Water and
19 Wastewater. In the back of the room is Blanca Bayo,
20 who is our clerk. And our court reporter today is
21 Rowena Hackney.

22 As I said, if you have any questions, they
23 are available to answer your questions.

24 Mr. Hoffman, do you have an exhibit we need
25 to have marked for identification?

1 MR. HOFFMAN: Yes. Thank you, Madam
2 Chairman. I have handed the court reporter an
3 affidavit of publication from the St. Pete Times
4 affirming to the publication of the customer notice
5 for this customer service hearing, as well as an
6 affidavit of mailing the customer notices to the
7 affected customers. I have provided a copy of those
8 exhibits to Staff and to Mr. Shreve, and I would ask
9 that the exhibits be admitted into the record.

10 CHAIRMAN CLARK: They will be marked as
11 Exhibit 45 -- excuse me, 46.

12 (Exhibit No. 46 marked for identification.)

13 CHAIRMAN CLARK: We are now at the point we
14 are ready to swear in those of you who want to speak.
15 We will take you in the order you have signed up, and
16 Mr. Shreve will call your names at that time. When
17 you come forward, if you will give us your name, and
18 spell your last name, and indicate the system from
19 which you receive service.

20 I should also tell you, if you do not wish
21 to testify, you can give us your comments in writing
22 using the back sheet of the handout you have received,
23 and it's already addressed to the Commission, or you
24 can hand it to one of the Staff.

25 I should also indicate that if you

1 previously testified in a service hearing, that
2 testimony continues to be part of this record and it
3 is available for us to rely on in making our decision.

4 At this time I would like to swear everyone
5 in who has signed up to provide testimony. If you
6 would please stand and raise your right hand.

7 (Witnesses collectively sworn.)

8 CHAIRMAN CLARK: Thank you very much.
9 Mr. Shreve, go ahead and call the first witness.

10 MR. SHREVE: Mr. Berry.

11 - - - - -

12 **KENNETH BERRY**

13 was called as a witness on behalf of the Citizens of
14 the State of Florida and, having been duly sworn,
15 testified as follows:

16 WITNESS BERRY: This is kind of a first for
17 me. My name is Kenneth Berry. The last name is
18 B-E-R-R-Y.

19 CHAIRMAN CLARK: Mr. Berry, can you raise up
20 the microphone? Great, thank you.

21 WITNESS BERRY: Is that any better?

22 CHAIRMAN CLARK: Yes.

23 WITNESS BERRY: As for this rate increase
24 and the quality of water --

25 COMMISSIONER GARCIA: Mr. Berry, could you

1 tell us what system you're in?

2 WITNESS BERRY: I'm in Palm Terrace. I've
3 lived there for 20 years.

4 COMMISSIONER GARCIA: Thank you.

5 WITNESS BERRY: And since the Southern
6 States Utilities has taken over in the last eight
7 years, my water has gone up over 300% for which the
8 quality has not improved. I have received letters
9 from them, including this letter which I received the
10 day of the meeting. I received it four hours before
11 they had their meeting at the Holiday Express Inn,
12 which is right behind my house.

13 But I think one of my main problems has
14 been, since I have lived in Palm Terrace all this
15 time, that I cannot understand how a company as big as
16 this can keep buying up smaller companies, and
17 immediately upon taking over these companies, all of a
18 sudden everything is wrong with the company. If
19 everything was wrong with the past water and sewage,
20 why did this corporation buy it? Did they buy it as a
21 write-off? Did they buy it as another reason to raise
22 rates everywhere else?

23 The uniform rates which they are talking
24 about, are these uniform rates their uniform rates for
25 their areas, for areas where they would have to go

1 farther for the water? Or are they rates like they
2 have in New Port Richey, like they have in St.
3 Petersburg? Or are these rates going to continue to
4 raise as they see fit?

5 If I owned a company like SSU and someone
6 bought a utility for water and I could not make a
7 profit on it and I was losing money, that person would
8 not be working for my company because he's causing me
9 to lose money. And I think part of this rate
10 structure that they are going through -- and I still
11 have not received any better quality of service. I
12 still have to go through, like, two or three sets of
13 pots and pans every other year because the water is
14 lousy. I'm not saying it's not passable to drink; I'm
15 saying you boil it in a pot, after a while you can
16 throw the pot away. The pots are no good anymore.

17 And I really do believe -- I mean, I'm not
18 coming here just to complain about the rates; I'm
19 complaining about this service. How in the world can
20 you tell me, "Come to a meeting," and give me four
21 hours, four hours service?

22 Now, I can give you this copy, Mr. Hoffman,
23 if you need it. I received this the day of the
24 meeting.

25 COMMISSIONER GARCIA: Mr. Berry, can I ask

1 you, you didn't go to the meeting, I take it, from
2 your comments?

3 WITNESS BERRY: No, I did not. If I had
4 been working, I couldn't have anyways. I don't know
5 how many people just jumped up and ran over there,
6 because I didn't. I just figured that if they
7 couldn't give me the common courtesy to give me at
8 least a 24-hour notice on a meeting, that they really
9 didn't want me to be there.

10 Now, I imagine that all of the rest of the
11 people received this notice the same time I did, which
12 was the day of the meeting, the 16th of January. Now,
13 that's really all I have to say.

14 COMMISSIONER GARCIA: Can I ask you a few
15 questions real quick before you leave? Has the area
16 that you are living in experienced any great growth in
17 the last year?

18 WITNESS BERRY: No, sir.

19 COMMISSIONER GARCIA: It's a development,
20 it's developed out?

21 WITNESS BERRY: There are, I would say, at
22 tops, five vacant pieces of property in the area that
23 I live in. I mean as far as vacant lots for
24 development, and that's tops. I mean, I could
25 probably ride up and down there and couldn't find

1 five. I'm giving SSU the benefit of that much.

2 All of the back section has already been
3 built. If there is five vacant lots in the whole
4 section, I mean I'd have to do a whole lot of soul
5 searching to find them.

6 COMMISSIONER GARCIA: And let me ask you
7 about the Company's service. Have you had any problem
8 with the service? Have you ever asked for anything
9 and not gotten it?

10 WITNESS BERRY: I have no problem there, but
11 I had no problem there before SSU took over.

12 But like I'm also saying now, the water here
13 in Florida is not the best in the world, but the water
14 that I receive there is nowhere near even -- what I
15 consider even. When you can go through your pots and
16 pans and don't boil the water, and if you have an
17 automatic ice maker, when you make ice cubes in this
18 automatic ice maker, if those ice cubes melt down, you
19 have got to throw all that stuff out. It smells up
20 your whole refrigerator from the minerals and
21 everything that's still coming through the water.

22 I'm not saying that this water is not fit to
23 drink. I'm saying, if you freeze it, if you let it
24 melt down, you are going to get the condensation from
25 it; and you are going to get some smell, too.

1 COMMISSIONER GARCIA: Thank you.

2 MR. SHREVE: Just a minute, Mr. Berry.

3 Commissioner, on your question about the growth, that
4 system would have been, according to Southern States
5 figures, 1,016 beginning in the '92 case to 1,034, a
6 change of 18 through '96, so very, very little growth.

7 I have a question, if I may, sir. On the
8 notice, the little card that you have there, we've had
9 a lot of comments about these in the last few
10 meetings. I would assume from the rates that you have
11 and your comments, your system or you would not be in
12 favor of the uniform rates?

13 WITNESS BERRY: No, I would not.

14 MR. SHREVE: And you received your card the
15 day of the meeting and were unable to attend and had
16 no notice?

17 WITNESS BERRY: Yes.

18 CHAIRMAN CLARK: Thank you, Mr. Berry.

19 COMMISSIONER JOHNSON: Mr. Berry, one quick
20 question. Again on the postcard. Is there a postmark
21 on there? Do you know when that was mailed out?

22 WITNESS BERRY: No, ma'am. It's one of
23 these. (Indicating)

24 The only problem that could have happened
25 the day that this was mailed, if SSU had not realized

1 it -- and I really don't want to stick up for them.
2 I'm going to give them this much of a benefit of a
3 doubt. The day before was Martin Luther King's
4 birthday, and there was no mail service. It was
5 scheduled for the 16th which was the next day.

6 MR. SHREVE: Mr. Berry, I don't think you
7 need to give them the benefit of the doubt. In the
8 past few hearings, we've had the same testimony from
9 people on your side. And I don't think Martin Luther
10 King's birthday was any surprise to them.

11 CHAIRMAN CLARK: Thank you.

12 (Witness Berry excused.)

13 - - - - -

14 MR. SHREVE: Jean Rozmus.

15 **JEAN ROZMUS**

16 was called as a witness on behalf of the Citizens of
17 the State of Florida and, having been duly sworn,
18 testified as follows:

19 WITNESS ROZMUS: My name is Jean Rozmus,
20 R-O-Z-M-U-S, from Palm Terrace. And I'm a widow, and
21 I'm speaking for quite a few widows that I've spoken
22 with that couldn't be here. I only used 830 gallons.
23 I'm just giving you a sample of my bill. 830 gallons,
24 and my bill was \$23.86, my complete bill. And I don't
25 see why -- since I've had the service in my home for

1 nine years, why it has to keep going up. I also think
2 that the water is kind of lousy, but I always boil it
3 because I make tea or coffee. But when I have
4 company, I do have to go out and buy water for them.
5 They will not drink it.

6 COMMISSIONER GARCIA: Ms. Rozmus, I might
7 have missed it. Did you say what system you were on?

8 WITNESS ROZMUS: Palm Terrace.

9 COMMISSIONER GARCIA: Palm Terrace, thank
10 you.

11 WITNESS ROZMUS: And I think that the
12 biggest thing here we are talking about is all of
13 these that was mentioned: They bought these
14 companies, made these millions, and did all this. I
15 think the biggest thing here boils down to fair, just,
16 and reasonable margin of profit. Why should we be
17 paying for their margin of profit, whatever that is.
18 And you can't tell me that they are losing money
19 because I'd have to almost see the books to see that
20 they are losing money from all these places that
21 they've got, and all the places they've bought, and
22 all the complaints that we've had.

23 I just feel that they're just gouging us.
24 And I don't think that I should have to be paying more
25 for water. I know of other water systems that I've

1 checked on, and they are much, much less. That's all
2 I have to say.

3 CHAIRMAN CLARK: Thank you.

4 MR. SHREVE: Thank you.

5 (Witness Rozmus excused.)

6 - - - - -

7 MR. SHREVE: E. Colantuoni.

8 **ELAINE COLANTUONI**

9 was called as a witness on behalf of the Citizens of
10 the State of Florida and, having been duly sworn,
11 testified as follows:

12 COMMISSIONER GARCIA: Ma'am, could you
13 pronounce the name again, because Mr. Shreve always
14 gets it wrong. Just when you get up to the mike.

15 WITNESS COLANTUONI: My name is Elaine
16 Colantuoni, Customer No. 19303, Plant 1429. I also
17 live in Palm Terrace Heights. Our water stinks; it's
18 terrible. We have a well. We water our garden with
19 the well. I go out, we purchase water filters for my
20 ice maker. We have a purifier we change every few
21 months.

22 We questioned where -- why we get such
23 terrible water. We were told we were at the end of
24 the system. We go out, and we go down on the road, we
25 buy water, a quarter a gallon. That's what we drink

1 with. We do not use this water for our drinking,
2 period.

3 COMMISSIONER GARCIA: Ma'am, they said to
4 you that your water quality is lower because you are
5 at the end of the system?

6 WITNESS COLANTUONI: That's what they told
7 us. I'm at the corner of Venice and Nome, N-O-M-E.

8 COMMISSIONER GARCIA: And what are the
9 indicants of your water being -- do you have more sand
10 in your water? Do you have more chlorine?

11 WITNESS COLANTUONI: It's just terrible
12 water. You can't drink it.

13 COMMISSIONER GARCIA: Because of the smell?

14 WITNESS COLANTUONI: Not the smell, the
15 taste. The taste is terrible. We don't use one bit
16 of that water.

17 I use it for washing clothes. We take our
18 showers, my husband and I. It's just the two of us.
19 When we have company, it's more showers and so forth.

20 I have a billing of \$40.54. I use 4,240
21 gallons for water this month. Now the sewer and
22 waste, as you can see, has gone up and up and up.
23 Before it used to be double. Now it's triple. Now
24 it's out of sight.

25 COMMISSIONER GARCIA: That only includes

1 water, right, not waste?

2 WITNESS COLANTUONI: Water, I'm being billed
3 \$10.36. Sewer, my total sewer is 28.19. The base
4 facility charge for the water is \$5.13. Now, that's
5 what we start with. I end up with a monthly bill of
6 \$40.

7 How do the widows and people living alone
8 handle all these rate changes? I wasn't going to come
9 to this meeting. This is the first meeting I've
10 attended. I'm not a personal speaker, but I feel
11 everything is cut and dry before we even get here.
12 The Commissioners, you keep giving increases and
13 increases, and you don't question what's going on.
14 This is wrong. How will it stop? By giving them
15 everything they ask for?

16 That's all I have to say. Any questions?

17 MR. SHREVE: Did you attend one of their
18 meetings?

19 WITNESS COLANTUONI: No, I've been ill, or
20 my husband has been ill.

21 MR. SHREVE: Thank you very much.

22 (Witness Colantuoni excused.)

23 - - - - -

24 CHAIRMAN CLARK: Let me ask. Is there
25 anyone else here who would like to provide some

1 comments who has not signed up?

2 Mr. Shreve, I see no hands. That being the
3 case, I thank those people who did come and provide
4 testimony to us. And this hearing is adjourned.

5 (Thereupon, the hearing concluded at 10:30
6 a.m.)

LEGAL NOTICE

**BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION
NOTICE OF SERVICE HEARING
DOCKET NO. 950495-WS**

Docket No. 950495-WS - Application by Southern States Utilities, Inc. for rate increase and increase in service availability charges for Orange-Osceola Utilities, Inc. in Osceola County, and in Bradford, Brevard, Charlotte, Citrus, Clay, Collier, Duval, Highlands, Lake, Lee, Marion, Martin, Nassau, Orange, Osceola, Pasco, Putnam, Seminole, St. Johns, St. Lucie, Volusia and Washington Counties.

Notice is hereby given that the Florida Public Service Commission will conduct a service hearing to discuss the above application for a water and wastewater rate increase and changes to service availability charges. The service hearing for the utility's customers in Pasco County(ies) will be held at the following time and place:

January 31, 1996
10:00 a.m.
City of New Port Richey
Commission Chambers
5919 Main Street
New Port Richey, FL 34652

All persons who wish to testify are urged to be present at the beginning of the service hearing as the hearing may be adjourned early if no customers are present. Any persons requiring some accommodation at this hearing because of a physical impairment should call the Division of Records and Reporting at (904) 413-6770 at least five calendar days prior to the hearing. If you are hearing or speech impaired, please contact the Florida Relay Service by using the following numbers: 1-800-955-8770 (VOICE) OR 1-800-955-8771 (TDD).

PURPOSE

The purpose of the service hearing is to allow customers and any substantially affected person an opportunity to present comments and information to the Commission about the utility's quality of service, the proposed rate increase, or other matters related to the rate case or the utility. The utility is requesting that customers served water under conventional treatment methods be classified as a separate and distinct service classification from customers receiving water service from reverse osmosis facilities. Under the utility's proposal, the base facility and gallonage charges assessed to customers will be uniform within each service classification. All wastewater customers are included in one service classification and would be charged the same base facility and gallonage charges. The utility's application indicates that the utility has or will have placed nearly \$100 million of additional water and wastewater plant into service since 1992 and through the period ending December 31, 1996. The application also indicates that the majority of these plant additions were required by environmental laws, rules or regulations. The utility's requested service availability charges include charges for meter installation, main extension, service installation, plant capacity, and allowance for funds prudently invested (AFPI). These charges will only be assessed to new customers who connect after Commission approval of the charges. Existing customers will not be assessed service availability charges. Plant capacity and main extension charges for water treatment are classified by conventional and reverse osmosis treatment methods. The utility proposes plant capacity and main extension charges which are uniform within each water service classification. The utility proposes only one service classification for wastewater service, and the plant capacity and main extension charges proposed for wastewater are uniform.

AFFIDAVIT

STEVEN M. GALLIS, having been duly sworn, states as follows:

1. I am Supervisor of Administrative Services in the Office Services Department of Southern States Utilities, Inc. ("SSU"), whose central office is located in Apopka, Florida.
2. As part of my duties, I am responsible for administering mailings to SSU customers, such as notices required by Florida Public Service Commission Rules and Orders.
3. In my presence and under my supervision, SSU personnel mailed to the customers in Pasco County a copy of the document identified as "Notice To Customers Of Service Hearing Letter" attached hereto and marked "Exhibit A."
4. The names and addresses of the aforesaid customers were obtained by SSU from SSU's Information Services Customer Address Files. A copy of the list of SSU customer names and addresses used to print the mailing labels for customers in the aforesaid county is attached hereto and marked "Exhibit B." "Exhibit C" attached hereto, is the presorting report printed from SSU's Information Services Customer Address Files to prepare the mailing.
5. On January 2, 1996, my staff and I machine postmarked the labeled envelopes containing copies of Exhibit A and hand delivered the envelopes to a representative of the United States Postal Service for delivery.
6. Attached hereto and marked "Exhibit D" is a copy of the relevant page of SSU's Office Services' Postage meter logbook. The logbook is used to record mailings from SSU's Office Services Department. Exhibit D contains information pertinent to the aforementioned mailing, to wit: on January 2, 1996, SSU mailed 7,342 total batch items, which included mail fitting the description "Pasco" for the New Port Richey service hearing. I personally made this entry into the logbook, and the recordation therein coincides with my personal observation.
7. The total batch count on the logbook included 1,669 pieces of mail as listed in Exhibit C mailed to those persons listed in Exhibit B. If applicable, any logbook totals which are

Exhibit No 46

less than Exhibit B & C totals reflect automation malfunctions in copying and sorting. In such cases, envelopes were reprocessed by hand and metered separately for mailing the same day.

Steven M. Gallis
STEVEN M. GALLIS

The foregoing instrument was acknowledged before me this 29th day of January, 1996, by STEVEN M. GALLIS, who is personally known to me and who did take an oath.
