TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 11 and 12 would be sheet 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current sheet version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13. Because of various suspension periods, deferrals, etc. the Commission follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff sheet in effect. Consult the Check Sheet for the sheets currently in effect.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subordinate to its next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I
- 2.1.1.A.1.(a).I.(i)
- 2.1.1.A.1.(a).I.(i).(1)

D. Check Sheets: When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current Revision Number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on Commission file.

SECTION 2 - RULES AND REGULATIONS2.1 Undertaking of the Company

This tariff contains the regulations and rates applicable to intrastate resale long distance telecommunications services provided by GTN for telecommunications between points within the State of Florida. Communications may originate and terminate in any area within the State of Florida. Resale services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services may dial the Company's toll-free customer service number in order to obtain information about the Company's service. The Company does not own any switching, transmission or other physical facilities in Florida.

- 2.1.1 The services provided by GTN are not part of a joint undertaking with any other entity providing telecommunications channels, facilities, or services, but may involve the resale of the Message Toll Services (MTS) and Wide Area Telecommunications Services (WATS) of underlying common carriers subject to the jurisdiction of this Commission.

- 2.1.2 The rates and regulations contained in this tariff apply only to the resale services furnished by GTN and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local exchange telephone company or other common carriers for use in accessing the services of GTN.
- 2.1.3 The Company reserves the right to limit the length of communications, to discontinue furnishing services, or limit the use of service necessitated by conditions beyond its control, including, without limitation, lack of satellite or other transmission medium capacity; the revision, alteration or repricing of the Underlying Carrier's tariffed offerings; or when Customer use of a service becomes or is in violation of the law or the provisions of this tariff.
- 2.1.4 The services provided by GTN are furnished to Customers of GTN Prepaid Calling Cards. The purchase of a card makes available to the Customer GTN's prepaid nationwide services. Such services are offered for intrastate calling within the State of Florida pursuant to the terms and conditions of this tariff.

2.2 Use of Services

- 2.2.1 GTN's services may be used for any lawful purpose consistent with the transmission and switching parameters of the telecommunications facilities utilized in the provision of services, subject to any limitations set forth in this Section 2.2.

- 2.2.2 The use of GTN's services to make calls which might reasonably be expected to frighten, abuse, torment, or harass another or in such a way as to unreasonably interfere with use by others is prohibited.
- 2.2.3 The use of GTN's services without payment for service or attempting to avoid payment for service by fraudulent means or devices, schemes, false or invalid numbers, or false calling or credit cards is prohibited.
- 2.2.4 GTN's services are available for use twenty-four hours per day, seven days per week.
- 2.2.5 Customers shall not use service provided under this tariff for any unlawful purpose.
- 2.2.6 GTN does not transmit messages, but the services may be used for that purpose.
- 2.2.7 The Customer is responsible for notifying the Company immediately of any unauthorized use of services, or if a Prepaid Calling Card is lost or stolen.

2.3 Liability of the Company

- 2.3.1 The Company shall not be liable for any claim, loss, expense or damage for any interruption, delay, error, omission, or defect in any service, facility or transmission provided under this tariff, if caused by the Underlying Carrier, an act of God, fire, war, civil disturbance, act of government, or due to any other causes beyond the Company's control.
- 2.3.2 The Company shall not be liable for, and shall be fully indemnified and held harmless by the Customer against any claim, loss, expense, or damage for defamation, libel, slander, invasion, infringement of copyright or patent, unauthorized use of any trademark, trade name or service mark, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data or information transmitted.
- 2.3.3 No agent or employee of any other carrier or entity shall be deemed to be an agent or employee of the Company.

- 2.3.4 The Company's liability for damages, resulting in whole or in part from or arising in connection with the furnishing of service under this tariff, including but not limited to mistakes, omissions, interruptions, delays, errors, or other defects or misrepresentations shall not exceed an amount equal to the charges provided for under this tariff for the long distance call for the period during which the call was affected. No other liability in any event shall attach to the Company.
- 2.3.5 GTN shall not be liable for and shall be indemnified and saved harmless by any Customer or by any other entity from any and all loss, claims, demands, suits, or other action or any liability whatsoever, whether suffered, made, instituted, or asserted by any Customer or any other entity for any personal injury to, or death of, any person or persons, and for any loss, damage, defacement or destruction of the premises of any customer or any other entity or any other property whether owned or controlled by the Customer or others.
- 2.3.6 The Company shall not be liable for any indirect, special, incidental, or consequential damages under this tariff including, but not limited to, loss of revenue or profits, for any reason whatsoever, including the breakdown of facilities associated with the service, or for any mistakes, omissions, delays, errors, or defects in transmission occurring during the course of furnishing service.
- 2.3.7 The remedies set forth herein are exclusive and in lieu of all other warranties and remedies, whether express, implied, or statutory, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

2.4 Responsibilities of the Customer

The Customer is responsible for the payment of charges and for compliance with the Company's tariff regulations.

2.5 Cancellation or Interruption of Services

2.5.1 Without incurring liability, the Company may, discontinue services to a Customer or may withhold the provision of ordered or contracted services:

2.5.1.A For violation of any of the provisions of this tariff,

2.5.1.B For violation of any law, rule, regulation, policy of any governing authority having jurisdiction over GTN's services, or

2.5.1.C By reason of any order or decision of a court, public service commission or federal regulatory body or other governing authority prohibiting GTN from furnishing its services, or

2.5.1.D If the Company believes that any use of service is being obtained or used fraudulently, e.g. stolen or lost cards or Account Codes.

2.5.2 Without incurring liability, GTN may, interrupt the provision of services at any time in order to perform tests and inspections to assure compliance with tariff regulations.

2.6 Credit Allowance

- 2.6.1 A credit allowance for GTN Prepaid Calling Card Service is applicable to calls that are interrupted due to poor transmission, one-way transmission, or involuntary disconnection of a call. A Customer may also be granted credit for reaching a wrong number. To receive the proper credit, the Customer must notify the Company at the designated toll-free customer service number printed on the GTN Prepaid Calling Card and furnish the called number, the trouble experienced (e.g. cut-off, noisy circuit, reached wrong number, etc.), and the approximate time that the call was placed.
- 2.6.2 When a call charged to a GTN Prepaid Calling Card is interrupted due to cut-off, one-way transmission, or poor transmission conditions, the Customer will receive a credit equivalent of one Telecom Unit.
- 2.6.3 Credit allowances for calls pursuant to GTN Prepaid Card Service do not apply for interruptions not reported promptly to the Company or interruptions that are due to the failure of power, equipment or systems not provided by the Company.
- 2.6.4 Credit for failure of service shall be allowed only when such failure is caused by or occurs due to causes within the control of the Company.

2.7 Restoration of Service

The use and restoration of service shall be administered in accordance with the priority system specified in part 64, Subpart D of the FCC Rules and Regulations.

2.8 Returned Check Charge

A fee of twenty dollars (\$20.00) will be charged whenever a check or draft presented for payment for service is not accepted by the institution on which it is written.

2.9 Deposits

The Company does not require deposits from Customers.

2.10 Late Payment Charges

The Company does not assess late payment charges.

2.11 Restoration Charge

The Company charges Customers twenty-five dollars (\$25.00) for restoration of service.

SECTION 3 - DESCRIPTION OF SERVICE3.1 Customer Complaints and/or Accounting Disputes

Customer inquires or complaints regarding service or accounting may be made in writing or by telephone to the Company at:

2400 W. Cypress Creek Rd., Suite 205
Fort Lauderdale, FL 33309
(800) 544-0061

A toll-free customer service telephone number will be printed on the back of every card.

Any objection to the accounting for Telecom Units should be reported promptly to GTN. Adjustments to Customers' accounts shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate. No liability exists which will require the Company to pay any interest, dividend or other compensation on account adjustments.

3.2 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers that are produced by Bell Communications Research in the NPA-NXX V&H Coordinates Tape and Bell's NECA Tariff No. 4.

Effective:

By:

William Eric Ottens, CFO/Managing Director
GTN Corp. d/b/a Global Telecom Network
2400 W. Cypress Creek Rd., Suite 205
Fort Lauderdale, FL 33309

Formula:

$$\sqrt{\frac{(V1-V2)^2 + (H1-H2)^2}{10}}$$

Example: The rate distance between Miami and New York City:

	<u>V</u>	<u>H</u>
Miami	8,351	529
N.Y.	<u>4,997</u>	<u>1,406</u>
Difference	3,354	-879

$$\sqrt{\frac{(8351-4997)^2 + (529-1406)^2}{10}}$$

Distance equals 1,097 miles

3.3 Timing of Calls

Charges for calls placed using GTN Prepaid Calling Cards are based on the duration of the call. Calls are measured in one minute increments. Timing for each call begins when the called station is answered, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Recognition of answer supervision is the responsibility of the Underlying Carrier. Timing for each call ends when the called party hangs up. GTN will not charge for uncompleted calls.

3.4 Level of Service

A Customer can expect end to end network availability of not less than 99% during peak use periods for all services.

3.5 Service Offerings**3.5.1 GTN Prepaid Calling Card Service.**

This service permits use of GTN Prepaid Calling Cards for placing long distance calls. Customers may purchase GTN Prepaid Calling Cards at a variety of retail outlets or through other distribution channels. GTN Prepaid Calling Cards are available at a variety of face values ranging from five dollars (\$5.00), in one dollar (\$1.00) increments. GTN Prepaid Calling Card service is accessed using the GTN toll-free number printed on the card. The caller is prompted by an automated voice response system to enter his/her Account Code, and then to enter the terminating telephone number. GTN's processor tracks the call duration on a real time basis to determine the number of Telecom Units consumed. The total consumed Telecom Units for each call, which includes applicable taxes, is deducted from the remaining Telecom Unit balance on the Customer's GTN Prepaid Calling Card.

All calls must be charged against an GTN Prepaid Calling Card that has a sufficient Telecom Unit balance. A Customer's call will be interrupted with an announcement when the balance is about to be depleted. Such announcement will occur when five (5) minutes and when one (1) minute remain before the balance will be depleted, based upon the terminating location of the call.

GTN Corp. d/b/a Global Telecom Network
2400 W. Cypress Creek Rd., Suite 205
Fort Lauderdale, FL 33309**

In order to continue the call, the Customer can either call the toll-free number on the back of the GTN Prepaid Calling Card and "recharge" the balance on the card using a nationally recognized credit card, or the Customer can throw the card away and purchase a new one. Calls in progress will be terminated by the Company if the balance on the GTN Prepaid Calling Card is insufficient to continue the call and the Customer fails to enter the number of another valid GTN Prepaid Calling Card prior to termination. The card will expire 365 days from the date of the purchase of or last recharge of the card, whichever is later.

Subject to regulatory approval, GTN offers universal origination from anywhere in the United States, and termination both domestically and internationally.

3.5.2 Emergency Call Handling Procedures

Emergency "911" calls can not be routed by the Company, but must be completed through the local network.

3.5.3 The Company will block all calls beginning with the NPA "900" and NXX "976" calls, therefore such calls can not be completed.

3.5.4 Rates Applicable for Hearing/Speech Impaired Persons

The GTN Prepaid Calling Card rate per minute is not time or distance sensitive. Consequently, Florida Public Service Commission Rules and Regulations discount provisions for hearing impaired customers requiring intrastate toll message rates for TDD users, which is communicated using a telecommunications device for the deaf (TDD) by properly certified business establishments or individuals equipped with TDDs for communications with hearing or speech impaired persons, shall be evening rates for daytime calls and night rates for evening and night calls, are not currently applicable. However, if the rate structure is modified to be time sensitive these provisions would be implemented.

Required Florida provisions titled, "Operation of Telecommunications Relay Service" make the following stipulations, "Intrastate toll calls received from the relay service, each local exchange and interexchange telecommunications company billing relay call will be discounted by 50 percent of the applicable rate for a voice nonrelay call except that where either the calling or called party indicates that either party is both hearing and visually impaired, the call will be discounted 60 percent off the applicable rate for voice nonrelay calls. The above discounts apply only to time sensitive elements of a charge for the call and shall not apply to per call charges such as a credit card surcharge." The rate per minute is not time or distance sensitive. Consequently, Florida Public Service Commission Rules and Regulations discount provisions are not currently applicable. However, if the rate structure is modified to be time sensitive, these provisions would be implemented.

Florida Public Service Commission Rules and Regulations require carriers void charges for the first 50 director assistance calls initiated per billing cycle by handicapped persons. When calls are originated using the GTN Prepaid Calling Card, it is impossible to distinguish handicapped persons because origination is not linked to a particular end user common line. However, if GTN modifies this tariff to include additional services which are linked to a particular end user common lines in the future, this provision will be implemented.

3.5.5 Promotional Offerings

The Company may, from time to time, make promotional offerings to enhance the marketing of its services. These offerings may be limited to certain dates, times and locations. The Company will notify the Commission of such offerings as required by Commission rules and regulations.
