RE: Little Gasparilla Utility, Inc.

Dear Mr. Coker:

In our telephone conversation today you requested that I provide you with a representation regarding control of Little Gasparilla.

On behalf of Little Gasparilla Utility, I represent to the Public Service Commission that voting rights, as defined in the Bylaws, retained by the Developer, are less than 51 percent. Since more than 51 percent of the voting rights are held by non-developer members, (actually no vote is held by the developer), control of the corporation has passed to non-developer members.

If you have further questions, please contact me.

Respectfully submitted,

Robert L. Underwood

RE: Little Gasparilla Utility, Inc.

Dear Sir:

In response to your inquiry regarding the above utility and wastewater systems within the area served, we explained that this utility does not provide wastewater treatment. Wastewater is handled by individual septic systems and one condominium project uses a package plant to treat wastewater. The package plant is not owned by Little Gasparilla Utility, Inc.

If you have additional questions, please give us a call.

Respectfully submitted,

Robert L. Underwood
