Re: Docket No. 960358-TC

Dear Rick:

This morning, I was informed that the matter described above is scheduled to be heard by the Commission today. On behalf of Peoples Telephone Company, Inc., I respectfully request that this item be deferred to the next available date.

Bruce Renard, myself and most other company executives were out all last week at our industry's conference/trade show, and therefore were unaware of this proceeding today. In addition, I have been unable to locate notice of this matter in our mail or files. As you know, Peoples would like the opportunity to discuss this matter with the Commission Staff in order to settle this matter, or in the alternative, have a company official present before the Commission.

Please let me know the outcome of this request. I can be reached at 305-593-9667, extension 512. Bruce Renard may be reached at extension 170.
