Re: A-redondo Utility Corporation, Inc.; PSC Docket No. 951034-WS
Application for Staff Assisted Rate Increase
Our File No. 30034.01

Dear Roli:

As we discussed late last week, the above-referenced case has now become final with the passage of the protest period yesterday without any filed protests. The Commission's PAA Order is now final and the Utility is ready to implement the rates approved immediately. We have today mailed the Customer Notice and I am attaching hereto a notarized statement from Stephanie Wallen, the Controller of the Utility, assuring that the Notice did, in fact, go out today.

As we discussed previously, you promised to make sure the tariff sheets previously submitted to you were stamped approved today so that the Utility can immediately go forward with the implementation. While I do not necessarily need copies of the tariffs today, I did want to make sure that they were, in fact, stamped with today's date as approved. I trust that this has been done. Should you have any questions in this regard, please let me know.

Sincerely,

ROSE, SUNDSTROM & BENTLEY

FPSC RECORDS/REPORTING

ARREDONDO UTILITY CORPORATION, INC.

CUSTOMER NOTICE

On October 17, 1995, Arredondo Utility Corporation, Inc., applied to the Florida Public Service Commission (PSC) for increased water and wastewater service rates.

At its regularly scheduled Agenda Conference held on May 7, 1996, the Florida Public Service Commission authorized a portion of the requested increases in water and wastewater rates designed to allow Arredondo Utility Corporation, Inc. the opportunity to recover costs for providing service and a reasonable rate of return on its investment in facilities necessary to provide such water and wastewater services.

The Commission issued Order No. PSC-96-0728-FOF-WS on May 30, 1996, reflecting this decision. That Order has now been protested and under the terms of the Order, those rates may now be implemented on a temporary basis, subject to refund with interest, depending on the Commission's final decision in this proceeding. Customers will be notified of the time and place of future hearings in this regard.

The temporary rates for water and wastewater service listed on the back of this customer notice are effective for meter readings 30 days on or after the stamped approval date of the tariffs.

If you have any questions concerning this matter, please contact the Utility's office and have your account number available.

Sincerely,

Arredondo Utility Corporation, Inc.

CUSTOMER NOTICE

As you are probably aware, Arredondo Utility Corporation, Inc., recently filed a request for an increase in water and wastewater rates with the Florida Public Service Commission. After thorough review, analysis and adjustment by the Commission in its Docket No. 951234-WS, Order No. PSC-96-0728-FOF-WS was issued on May 28, 1996 and that Order has now become final.

The Commission approved rates from that Order are listed on the back of this Notice.

The new rates and charges will be effective for service rendered on or after the stamped approval date on the revised tariffs. That date should be sometime at or near the end of June, 1996.

If you have any questions with regard to your bill or these new rates, please call (352) 372-7736. Please have your account number available when you call.
