Filed: July 12, 1996

ORIGINAL  
FILE COPY

MOTION FOR LEAVE TO  
PREFILE SUPPLEMENTAL EXHIBITS

Palm Coast Utility Corporation (PCUC), by and through the undersigned counsel, requests leave to prefile supplemental exhibits in this proceeding.

1. The first exhibit, Exhibit FS-13B, presents Updated Rate Case Expense, as a supplement to Exhibit FS-13A. The new exhibit shows actual expense incurred through the July 1 and 2 formal hearing and approximately one week thereafter, and projected expense to complete the case, including fees and costs incurred in connection with the July 19, 1996 continuation of the formal hearing.

2. The second exhibit, Exhibit CDS-5, responds to the July 2, 1996 testimony of Mr. Guy Sapp, the Flagler County Appraiser, regarding various "comparable" sales data that he first presented at that hearing. PCUC had no prior notice of the testimony and related exhibit presented by Mr. Sapp under "cross examination" by the Flagler County Attorney and has therefore had no opportunity to respond to the allegations of this witness.

Wherefore, Palm Coast Utility Corporation requests leave to prefile the two aforesaid supplemental exhibits, which are filed concurrently with this motion.

Respectfully submitted,
