===NOTE=====7/17/96==3:49pm==

Docket No. 960444-WU, Lake Utility Services Inc., application for a rate increase is also an application to revise service availability. Sandy Simmons was looking at the CASR and the title only referred to a rate increase. So, she called me to make sure that it was also a service availability case and it is. Can the title be changed to reflect this?

Thanks

.....
Eric, is the revision actually for an increase in service availability charges?
Kay Flynn

.....
Yes, it's for an increase.

.....
Okay. I'll go ahead and fix the docket title and you can look at it in CMS in a few minutes to be sure it's okay.
