RE: DOCKET NO. 960657-GU - Petition for approval of modifications to tariff that would add a late payment charge to customers' past due balances and revise method for calculating Maximum Allowable Construction Cost (MACC), by St. Joe Natural Gas Company, Inc.

Issue 1: Recommendation that the Commission deny St. Joe Natural Gas Company, Inc.'s petition for revision of its natural gas tariff to include a provision for a late payment charge.

MODIFIED

The recommendation was approved. However, if the company chooses to re-file its tariff modification to specify a late payment charge of either 1.5% or \$3.00 (whichever is greater), staff may approve it administratively.

Issue 2: Recommendation that, if the Commission approves St. Joe's petition for a late payment charge, the effective date should coincide with the ability of St. Joe's billing system to implement and administer the charge. Staff should be authorized to administratively approve the effective date.
