Re: Comments of Peoples Gas System, Inc. in FPSC Docket No.
960725-GU, Unbundling of Gas Services

Dear Ms. Bayo:

Peoples Gas System, Inc. ("Peoples") fully supports the comments of the Associated Gas Distributors of Florida ("AGDF") submitted today in this docket. Like the AGDF, Peoples supports the rational unbundling and restructuring of the services offered by Florida's local gas distribution companies and looks forward to participating in this important proceeding. Like the AGDF, Peoples also expects to participate in the concomitant restructuring of the Commission's traditional regulatory practices to be consistent with the gas companies' risks, responsibilities, and operations in the new, restructured business environment contemplated by the Gas Unbundling Docket.

Peoples also suggests that, in the Gas Unbundling Docket, the Commission should give consideration to the potential need for legislative changes that may be necessary to govern new relationships and responsibilities arising from restructuring and unbundling of traditional services.
