Issue 3: Recommendation that the first change suggested by Florida Power Corporation should be incorporated, but the remaining changes should be rejected.

**APPROVED**

Issue 4: Recommendation that language in future notices of the rule (preamble) should be changed to more accurately describe the rule. Changes reflecting Seminole's suggestion that the definition of "L" in subsection (1) of the rule be changed should be rejected.

**APPROVED**

Issue 5: Recommendation that JAPC's suggested changes, to add criteria to Sections (2) and (3) to avoid vesting unbridled discretion in the Commission to allow for exceptions, should be incorporated in Rule 25-6.035.

**APPROVED**
