REQUEST FOR CONFIDENTIAL CLASSIFICATION

The Southern Company and Southern Development and Investment Group, Inc., ("the Companies"), by and through their undersigned attorney and pursuant to Rule 25-22.006, Florida Administrative Code hereby files a request that the Florida Public Service Commission enter an order protecting from public disclosure certain information, hereafter the Certificate, submitted to the Florida Public Service Commission pursuant to the Securities and Exchange Commission Rule 53(a)(4), C.F.R. §250.53(a)(4). As grounds for this request, the Companies state:

1. On July 10, 1996, the Companies submitted the Certificate as required by Securities and Exchange Commission Rule 53(a)(4), C.F.R. §250.53(a)(4).
2. On July 10, 1996, the Company filed a Notice of Intent to Request Confidential Classification with regard to certain portions of the submitted Certificate. The Companies claim that the information contained in the Certificate is entitled to confidential classification pursuant to §366.093(3)(e), Florida Statutes, as information, the public disclosure of which would cause irreparable harm to the competitive interests of the Companies. The Certificate contains proprietary and commercially sensitive information that is not otherwise publicly available.

DOCUMENT NO.
08069-96

3. The public disclosure of the financial information and the business planning information contained in the Certificate would cause irreparable harm to the Companies' ability to compete in the business investment and development markets which are becoming increasingly more competitive. The public disclosure of the financial information would allow the competitors of the Companies to have access to information about the financial stability and resources of the Companies. Such information would permit those competitors to determine which markets the Companies are capable of entering into and the extent of their ability to develop new markets and projects. Public disclosure of information about the markets, investments and technologies that are being researched, implemented or financed by the Companies would unfairly permit the competitors of the Companies to determine the business plans and resource allocation of the Companies. Such information is proprietary and extremely commercially sensitive in the competitive markets in which the Companies operate. Thus, the Companies request that this information be granted confidential classification pursuant to Section 366.093(3)(e), Florida Statutes.

4. Submitted as Exhibit "A" is a copy of the Certificate, on which is highlighted the information for which confidential classification is requested. Exhibit "A" should be treated as confidential pending a ruling on this request. Attached as Exhibit "B" are two (2) edited copies of the Certificate, which may be made available for public review and inspection. Attached as Exhibit "C" to this request is a line-by-line justification for the request for confidential classification.

5. The material for which confidential classification is requested is intended to be, and is treated as, confidential by the Companies and has not been otherwise publicly disclosed.

WHEREFORE, the Southern Company and Southern Development and Investment Group, Inc. respectfully requests that the Commission enter an order protecting the information highlighted on Exhibit "A" from public disclosure as proprietary confidential business information.

Dated this 31st day of July, 1996.

Respectfully submitted,
