**** APPENDIX E ****

**** GLOSSARY ****

ACCESS CODE: The term denotes a uniform four or seven digit code assigned to an individual IXC. The five digit code has the form 10XXX and the seven digit code has the form 950-XXXX.

BYPASS: Transmission facilities that go direct from the local exchange end user to an IXC point of presence, thus bypassing the local exchange company.

CARRIERS CARRIER: An IXC that provides telecommunications service, mainly bulk transmission service, to other IXC only.

CENTRAL OFFICE: A local operating unit by means of which connections are established between subscribers' lines and trunk or toll lines to other central offices within the same exchange or other exchanges. Each three (3) digit central office code (NXX) used shall be considered a separate central office unit.

CENTRAL OFFICE CODE: The term denotes the first three digits (NXX) of the seven (7) digit telephone number assigned to a customer's telephone exchange service.

COMMISSION: The Florida Public Service Commission.

COMPANY, TELEPHONE COMPANY, UTILITY: These terms may be used interchangeably herein and shall mean any person, firm, partnership or corporation engaged in the business of furnishing communication service to the public under the jurisdiction of the Commission.

DEDICATED FACILITY: The term denotes a transmission circuit which is permanently for the exclusive use of a customer or a pair of customers.

END USER: The term denotes any individual, partnership, association, corporation, governmental agency or any other entity which (A) obtains a common line, uses a pay telephone or obtains interstate service arrangements in the operating territory of the company or (B) subscribes to interstate services provided by an IXC or uses the services of the IXC when the IXC provides interstate service for its own use.

EQUAL ACCESS EXCHANGE AREAS: EAEA means a geographic area, configured based on 1987 planned toll center/access tandem areas, in which local exchange companies are responsible for providing equal access to both carriers and customers of carriers in the most economically efficient manner.

EXCHANGE: The entire telephone plant and facilities used in providing telephone service to subscribers located in an exchange area. An exchange may include more than one central office unit.

EXCHANGE (SERVICE) AREA: The territory, including the base rate suburban and rural areas served by an exchange, within which local telephone service is furnished at the exchange rates applicable within that area.

EXTENDED AREA SERVICE: A type of telephone service furnished under tariff provision whereby subscribers of a given exchange or area may complete calls to, and receive messages from, one or more other contiguous exchanges without toll charges, or complete calls to one or more other exchanges without toll message charges.

FACILITIES BASED: An IXC that has its own transmission and/or switching equipment or other elements of equipment and does not rely on others to provide this service.

FOREIGN EXCHANGE SERVICES: A classification of exchange service furnished under tariff provisions whereby a subscriber may be provided telephone service from an exchange other than the one from which he would normally be served.

FEATURE GROUPS: General categories of unbundled tariffs to stipulate related services.

Feature Group A: Line side connections presently serving specialized common carriers.

Feature Group B: Trunk side connections without equal digit or code dialing.

Feature Group C: Trunk side connections presently serving AT&T-C.

Feature Group D: Equal trunk access with subscription.

INTEREXCHANGE COMPANY: means any telephone company, as defined in Section 364.02(4), F.S. (excluding Payphone Providers), which provides telecommunication service between exchange areas as those areas are described in the approved tariffs of individual local exchange companies.

INTER-OFFICE CALL: A telephone call originating in one central office unit or entity but terminating in another central office unit or entity both of which are in the same designated exchange area.

INTRA-OFFICE CALL: A telephone call originating and terminating within the same central office unit or entity.

INTRASTATE COMMUNICATIONS: The term denotes any communications in Florida subject to oversight by the Florida Public Service Commission as provided by the laws of the State.

INTRA-STATE TOLL MESSAGE: Those toll messages which originate and terminate within the same state.

LOCAL ACCESS AND TRANSPORT AREA: LATA means the geographic area established for the administration of communications service. It encompasses designated exchanges, which are grouped to serve common social, economic and other purposes.

LOCAL EXCHANGE COMPANY (LEC): Means any telephone company, as defined in Section 364.02(4), F.S., which, in addition to any other telephonic communication service, provides telecommunication service within exchange areas as those areas are described in the approved tariffs of the telephone company.

OPTIONAL CALLING PLAN: An optional service furnished under tariff provisions which recognizes a need of some subscribers for extended area calling without imposing the cost on the entire body of subscribers.

900 SERVICE: A service similar to 800 service, except this service is charged back to the customer based on first minute plus additional minute usage.

PIN NUMBER: A group of numbers used by a company to identify their customers.

PAY TELEPHONE SERVICE COMPANY: Means any telephone company, other than a Local Exchange Company, which provides pay telephone service as defined in Section 364.335(4), F.S.

POINT OF PRESENCE (POP): Bell-coined term which designates the

actual (physical) location of an IXC's facility. Replaces some applications of the term "demarcation point."

PRIMARY SERVICE: Individual line service or party line service.

RESELLER: An IXC that does not have certain facilities but purchases telecommunications service from an IXC and then resells that service to others.

STATION: A telephone instrument consisting of a transmitter, receiver, and associated apparatus so connected as to permit sending and/or receiving telephone messages.

SUBSCRIBER, CUSTOMER: These terms may be used interchangeably herein and shall mean any person, firm, partnership, corporation, municipality, cooperative organization, or governmental agency supplied with communication service by a telephone company.

SUBSCRIBER LINE: The circuit or channel used to connect the subscriber station with the central office equipment.

SWITCHING CENTER: Location at which telephone traffic, either local or toll, is switched or connected from one circuit or line to another. A local switching center may be comprised of several central office units.

TRUNK: A communication channel between central office units or entities, or private branch exchanges.
