Division of Legal Services, Alice Crosby  
**FROM:** Division of Water & Wastewater, J. Travis Coker *JTC*  
**RE:** DOCKET NO. 960513-WU, Application for exemption from Florida Public Service Commission regulation by the Clay County Parks and Recreation Department in Clay County.

---

On January 31, 1996, this Commission received an application from the Clay County Board of County Commissioners (Clay County) for a non-jurisdictional entity exemption pursuant to Section 367.021(12), Florida Statutes, (F.S.) and Rule 25.30-060 (j), Florida Administrative Code, (F.A.C.). The applicant owns and operates a public park on which public restrooms are located. Clay County provides water service solely for these restroom facilities. The application stated that there is no charge for providing utility service and all costs of providing service are treated or recovered as operational expenses. Water service is provided by Clay County Water and wastewater service is provided by septic tank. The service area is located at 3788 Main Street, Middleburg, Florida. The mailing address of Clay County is 3357 Highway 17, Green Cove Springs, Florida 32043.

In summary, staff has determined that Clay County meets the necessary qualifications for a non-jurisdictional entity exemption pursuant to Section 367.021(12), Florida Statutes. Mr. Jack Brooker, Director of Parks and Recreation of Clay County, signed the application. In addition, Mr. Brooker acknowledged Section 837.06, Florida Statutes, regarding false statements.

Therefore, staff recommends that an administrative order be issued as soon as possible finding Clay County exempt from Commission regulation pursuant to Section 367.022(3), Florida Statutes. Staff further recommends that the order require Clay County to notify this Commission in the event of any change of circumstances or method of operation of its water system. Furthermore, staff recommends that this docket be closed.
