RE: Order No. PSC-96-0998-FOF-EI  
Docket No.: 960726-EI

Dear Ms. Bayo':

This is a formal protest regarding the recommendation dated August 5, 1996 by the Commission. I am protesting this due to several disputed facts of which I will list but only a few. However, I will have a full case ready and prepared when I have a hearing with DOAH, where a neutral party can hear the facts and then render their decision.

I have not yet decided if I will be represented by an attorney, although, I have spoken to one attorney in particular.

Some of the facts are as follows:

1. I absolutely did not open the account.
2. I was unaware of the bills until they were sent to my home. It was then I immediately contacted Florida Power & Light.
3. I personally never paid on any of these previous bills.
4. The documentation which I submitted at the informal conference never reached the files in Tallahassee. Re: Lorna Wagner, Attorney-PSC

There are many more disputed facts and I will present them along with any witnesses at the hearing. I also have made a request to FPL to obtain any and all of their records during the times that these bills are in dispute. They have assured me that they will provide me what they have. Re: Ada Tenaltry

I also would request that it is a hardship for me to go to Tallahassee, which is why I was unable to attend the Commission hearing. I would request that the hearing be held anywhere in the
