Dear Representative Randy Ball

City Gas Company of Florida has applied for an outrageous 25% rate increase due to the company's desire to modernize it's systems to meet the demands and challenges of growth in a competitive market.....Great ! Competition helped make this country what it is today !

Please tell this company to go after it's stockholders for more money so the company will be competitive, and make them a fair and reasonable return on their investments.

Corporate welfare must be eliminated.

Please act accordingly.

Sincerely,
