

VOTE SHEET

DATE: September 16, 1996

RE: DOCKET NO. 960801-TP - Petition for approval of interconnection agreement with Sprint Metropolitan Networks, Inc., by Central Telephone Company of Florida and United Telephone Company of Florida.

Issue 1: Recommendation that the Commission approve the proposed agreement between United-Centel and SMNI, resolving all major issues involving these parties as they relate to universal service, number portability, resale/unbundling, and local interconnection. If United-Centel and SMNI modify their agreement, the Commission should require United-Centel and SMNI to file supplements to their agreement for Commission review under the provisions of Section 252(e) of the federal Telecommunications Act of 1996.

~~United-Centel and SMNI should submit supplements to the agreement, which will contain the necessary detailed information indicated in Attachment II of staff's memorandum dated September 4, 1996, to the Division of Records and Reporting prior to September 30, 1996. If the parties do not provide the details by that date, the Commission should reject this proposed agreement due to the lack of detailed information required by the Act.~~
