

VOTE SHEET

DATE: October 29, 1996

RE: DOCKET NO. 961048-TL - Petition to modify Port St. Lucie exchange boundary to include Wide Waters subdivision in St. Lucie County by BellSouth Telecommunications, Inc.

Issue 1: Recommendation that the Wide Waters subdivision should not be moved at this time from the Stuart exchange into the Port St. Lucie exchange as requested by the petitioner. The 53 subscribers of the Wide Waters subdivision should be surveyed to determine if they are in favor of moving from the Stuart exchange to the Port St. Lucie exchange with no increase in rates, but with a telephone number change and a change in calling scope.

The survey should be conducted within 45 days from the date the order from the recommendation becomes final. The ballot should advise the subscribers that their telephone numbers and their local calling scope will change if they are moved to the Port St. Lucie exchange. The survey letter and ballot should be submitted to staff for review prior to distribution to the Wide Waters' subscribers.

In order for the survey to pass, at least 50 percent of the subscribers balloted must respond, and of those responding at least 60 percent must vote in favor of the boundary change.

*possible*

*could change*

**APPROVED** *with noted modification*
