So that we're on the same page.....

DOCKET #961250-TC was opened initially for the above gentleman for a name change but we realized it should be a cancellation/application (going from a personal name to a corporation.) But Docket 961396-TC was opened in error and I will send Sandy a memo to close the docket. In the meantime, the docket title for 961250-TC should read: "Request for cancellation of Pay Telephone Certificate No. 4615 issued to Joseph P. Reith and application for certificate to provide pay telephone service by JP-Bar Inc., certificate no. 5032."

How does this sound?
