Re: Docket No. 961342-SU; Application for Amendment of Certificate No. 103-S and a New Class of Service (Wastewater-only service) by Poinciana Utilities, Inc. in Polk County, Florida.

Dear Mr. Schiefelbein:

After reviewing the application in the above referenced docket, the staff has identified the following deficiency as well as additional information that is needed to process the application.

1. As required by Section 367.045(2)(a), Florida Statutes (F.S.), and Rule 25-30.030, Florida Administrative Code (F.A.C.), the utility must provide notice of the application and provide affidavits that the notice was given. The notice must be published in a newspaper. The application stated that the affidavits of noticing would be a late filed exhibit. Please file the affidavits when the noticing is complete.

2. As required by Rule 25-30.036(3) (h), Florida Administrative Code (F.A.C.), if the method of effluent disposal does not include reuse, provide a statement that describes with particularity the reasons for not using reuse. The application stated that the utility was upgrading the wastewater treatment plant and increasing the rapid infiltration basins; however, there was no explanation why the utility is not disposing the effluent by reuse such as spray irrigation. Please explain.

Please file an original and twelve copies of the requested information no later than December 20, 1996 with the Director, Division of Records and Reporting, 2540 Shumard Oak Boulevard, Tallahassee, FL 32399-0850.
