LATE FILED EXHIBIT GWM-8  
Docket No. 961153-TL  
Glenn W. Mayne (12/5/96)  
Page 1

### State of Florida Typical Call Volume

**FPSC Deposition Request: Provide details on how you obtained the figure of 600,000 calls for a typical business day (12 million calls per month) coming into the State's Centrex in Tallahassee.**

My Access Systems Supervisor, Sam Houston, has recomputed the call volume into Tallahassee based upon the latest data from Sprint-Centel from December 1, 1996 through 11:00 am, December 6, 1996(4 1/2 days).

Based upon this data, the following analysis is presented:

During this time there were 3,257,194 calls inbound to the switch. This converts to 14,476,417 calls per month. Of this local Tallahassee traffic is 8,223,395 which leaves external calls at 6,253,022. Of this 80% are terminated on state telephone numbers, which leaves 5,002,417. Of this 1,417,715 are SUNCOM net calls leaving 3,544,702. Removing the 800 calls(1,340,000) leaves a total inbound external to Tallahassee switch of 2,204,702 calls per month.

**State of Florida SUNCOM Call Volume**

**FPSC Deposition Request:** Of the 12 million calls per month coming into the state Centrex in Tallahassee, provide information on how many calls are SUNCOM calls and how many calls are commercial public switched network calls.

There are no SUNCOM Network calls included in this number.
