INTERMEDIA COMMUNICATIONS INC.'s
POSTHEARING STATEMENT

Intermedia Communications Inc. (Intermedia), pursuant to Commission Rule 25-22.056, F.A.C., files this posthearing statement reiterating its positions on the issues in this proceeding.

BASIC POSITION

The Commission should take no action that will negate existing negotiated agreements regarding cost recovery for interim number portability.

ISSUES

ISSUE 1: Is Order No. PSC-95-1604-FOF-TP inconsistent with the Federal Communications Commission's First Report and Order and Further Notice of Proposed Rulemaking in the matter of Telephone Number Portability in CC Docket No. 95-116?

Intermedia's Position: *Although the Commission's order appears to be inconsistent with the FCC's Report and Order, Intermedia continues to support the stipulation signed by parties and approved by the Commission in this docket.*

ISSUE 2: What is the appropriate cost recovery mechanism for temporary number portability?

Intermedia's Position: *Intermedia continues to believe that LEC prices for remote call forwarding should be cost-based. The Commission should uphold existing negotiated agreements regarding cost recovery for interim number portability. Intermedia has no position on the appropriate cost recovery mechanism in the absence of such agreements.*

ISSUE 3: Should there be any retroactive application of the Commission's decision in this proceeding? If so, what should be the effective date?

Intermedia's Position: *There should be no retroactive application of any decision in this proceeding. Whatever the effective date of the Commission's order may be, it should not operate to undermine existing agreements previously approved by the Commission.*

Respectfully submitted this 6th day of January 1997.
