FPSC-RECORDS/REPORTING

GULF POWER COMPANY

Before the Florida Public Service Commission
Prepared Direct Testimony of
Susan D. Cranmer
Docket No. 970001-EI
Fuel and Purchased Power Cost Recovery
Date of Filing: January 13, 1997

6. Q. Please state your name, business address and occupation.

7 A. My name is Susan Cranmer. My business address is 500
8 Bayfront Parkway, Pensacola, Florida 32501. I hold the
9 position of Assistant Secretary and Assistant Treasurer
10 for Gulf Power Company.

11
12 Q. Please briefly describe your educational background and
13 business experience.

14 A. I graduated from Wake Forest University in
15 Winston-Salem, North Carolina in 1981 with a Bachelor of
16 Science Degree in Business and from the University of
17 West Florida in 1982 with a Bachelor of Arts Degree in
18 Accounting. I am also a Certified Public Accountant
19 licensed in the State of Florida. I joined Gulf Power
20 Company in 1983 as a Financial Analyst. Prior to
21 assuming my current position, I have held various
22 positions with Gulf including Computer Modeling Analyst,
23 Senior Financial Analyst, and Supervisor of Rate
24 Services.

1 My responsibilities include supervision of: tariff
2 administration, cost of service activities, calculation
3 of cost recovery factors, the regulatory filing function
4 of the Rates and Regulatory Matters Department, and
5 various treasury activities.

6

7 Q. Have you previously filed testimony before this
8 Commission in Docket No. 970001-EI?

9 A. Yes, I have.

10

11 Q. What is the purpose of your testimony?

12 A. The purpose of my testimony is to discuss the
13 calculation of Gulf Power's fuel cost recovery factors
14 for the period April 1997 through September 1997.

15

16 Q. Are you familiar with the Fuel Cost Recovery Clause
17 Calculation for the period of April 1997 through
18 September 1997?

19 A. Yes, these documents were prepared under my supervision.

20

21 Q. Have you verified that to the best of your knowledge and
22 belief, the information contained in these documents is
23 correct?

24 A. Yes, I have.

25 Counsel: We ask that Ms. Cranmer's Exhibit

1 consisting of thirteen schedules,
2 along with Schedules A1 through A9
3 previously filed with the Commission for
4 the months of June, July, August,
5 September, October, and November 1996,
6 be marked as Exhibit No. (SDC-2).

8 Q. Ms. Cranmer, what has Gulf calculated as the true-up to
9 be applied in the period April 1997 through September
10 1997?

11 A. The true-up for this period is a decrease of .0244¢/kwh.
12 This includes a final true-up over-recovery of
13 \$3,892,089. As shown on Schedule E-1A, it also includes
14 an estimated true-up under-recovery of \$2,698,394 for
15 the current period. The resulting over-recovery is
16 \$1,193,695.

18 Q. What has been included in this filing to reflect the
19 GPIF reward/penalty for the period of April 1996 through
20 September 1996?

21 A. This is shown on Line 32b of Schedule E-1 as an increase
22 of .0017¢/kwh, thereby rewarding Gulf by \$82,198.

24 Q. Ms. Cranmer, what is the leveled projected fuel factor
25 for the period April 1997 through September 1997?

1 A. Gulf has proposed a leveled fuel factor of 2.154¢/kwh.
2 It includes projected fuel and purchased power energy
3 expenses for April 1997 through September 1997 and
4 projected kwh sales for the same period, as well as the
5 true-up and GPIF amount. The proposed leveled fuel
6 factor also includes the special recovery amount
7 associated with the Air Products contract. The
8 calculation of the special recovery amount is presented
9 on Schedule E-12 of my exhibit. The leveled fuel
10 factor has not been adjusted for line losses.

11

12 Q. Ms. Cranmer, how were the line loss multipliers used on
13 Schedule E-1E calculated?

14 A. They were calculated in accordance with procedures
15 approved in prior filings and were based on Gulf's
16 latest mwh Load Flow Allocators.

17

18 Q. Ms. Cranmer, what fuel factor does Gulf propose for its
19 largest group of customers (Group A), those on Rate
20 Schedules RS, GS, GSD, OSIII, and OSIV?

21 A. Gulf proposes a standard fuel factor, adjusted for line
22 losses, of 2.180¢/kwh for Group A. Fuel factors for
23 Groups A, B, C, and D are shown on Schedule E-1E. These
24 factors have also been adjusted for line losses.

25

1 Q. Ms. Cranmer, how were the time-of-use fuel factors
2 calculated?

3 A. These were calculated based on projected loads and
4 system lambdas for the period April 1997 through
5 September 1997. These factors included the GPIF, true-
6 up, and special contract recovery cost amounts and were
7 adjusted for line losses. These time-of-use fuel
8 factors are also shown on Schedule E-1E.

9

10 Q. How does the proposed fuel factor for Rate Schedule RS
11 compare with the factor applicable to March and how will
12 the change affect the cost of 1000 kwh on Gulf's
13 residential rate RS?

14 A. The current fuel factor for Rate Schedule RS applicable
15 to March 1997 is 2.345¢/kwh compared with the proposed
16 factor of 2.180¢/kwh. For a residential customer who
17 uses 1000 kwh in April 1997, the fuel portion of the
18 bill will decrease from \$23.45 to \$21.80.

19

20 Q. Ms. Cranmer, has Gulf updated its estimates of the
21 as-available avoided energy costs to be shown on COG1 as
22 required by Order No. 13247 issued May 1, 1984, in
23 Docket No. 830377-EI and Order No. 19548 issued June 21,
24 1988, in Docket No. 880001-EI?

1 A. Yes. A tabulation of these costs is set forth in
2 Schedule E-11 of my Exhibit SDC-1. These costs
3 represent the estimated averages for the period from
4 April 1997 through March 1999.

5

6 Q. When does Gulf propose to collect these new fuel
7 charges?

8 A. The fuel factors will apply to April 1997 through
9 September 1997 billings beginning with Cycle 1 meter
10 readings scheduled on April 2, 1997 and ending with
11 meter readings scheduled on September 30, 1997.

12

13 Q. Ms. Cranmer, does this complete your testimony?

14 A. Yes, it does.
