RE: 961233-TI

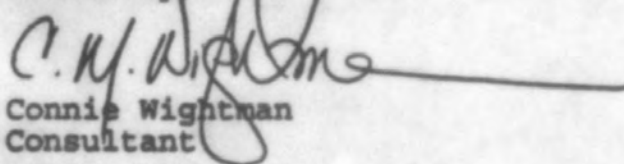

Dear Tom:

Fox Fiber Optics is not a telecommunications company. Fox is an authorized agent of WATS/800 doing business as Information & Telephone Services (ITS). After several conversations with ITS, it does not appear that Fox intends to be a certificated carrier. All rates, billing and customer service for services sold by Fox are provided by ITS.

I hope this is sufficient information for a recommendation to close the open docket. Please call me if you need anything further.

Thank you for your assistance.

Sincerely,

Connie Wightman
Consultant
