Re: Revision of tariff for territory served.

Dear Ms. Bayo:

In 1993 this company filed with the FL PSC an amendment of expansion of territory that was ultimately approved in full by the commission. In reviewing some of my files the other day I discovered that, through a scribe's error, one of the ranges was incorrectly conveyed and ultimately granted in the new tariff. The correct range should have read 10 instead of 11 with the sections and township remaining the same. This error, which I take responsibility for, took place even though a map was submitted with the correct sections, township, and range.

At this time I would like to request that the commission through some type of administrative action revise the tariff in order show the change that was the original intent. I am enclosing a map with the changes noted, a copy of the company's PSC certificate, and the tariff as it now reads. I would appreciate your help regarding this matter.

If you have any questions, do not hesitate to contact me at 904-227-7427.

Sincerely,

William J. Rish, Jr.  
President
