===NOTE=====2/27/97==4:23pm=====

Order No. PSC-96-0501-POF-WS was issued in Docket No. 960234-WS on 4/11/96. Among other actions, it combined the docket with Gulf Utility's rate case docket (960329-WS). In order to effect--at this late date--the combining of the two dockets, please do the following:

1. Place a copy of the vote sheet (DN 03343-96) and Order 96-0501 in Docket No. 960329-WS.
2. Check through the *copies I have pulled from 960234-WS and be sure that the originals are in 960329-WS. You may then discard the copies. (Don)
3. Place the *original documents that I have pulled from 960234-WS in proper document-number order in 960329-WS. (Don)
4. Print out this e-mail and document-number it to put in the dockets. (Linda)

From this date forward, filings should be placed only in 960329 (even those that have only 960234 referenced on them). CASRs will continue to be generated for both dockets. As always, let me know if any questions. Kay

*I will give the copies and original documents to Don.
