RE: Supplement to the Initial Interexchange Telecommunications Services
Application of New Media Telecommunications, Inc.

Dear Mr. D'Haeseleer:

Enclosed for filing are the original and twelve copies of a revised tariff page to supplement the above-referenced application of New Media Telecommunications, Inc. to provide Interexchange Telecommunications Service in Florida. This revision is made at the request of Mr. Jim Strong.

Please acknowledge receipt of this filing by returning, file-stamped, the extra copy of this cover letter in the self-addressed, stamped envelope enclosed for this purpose.

Thank you for your assistance.

Sincerely,

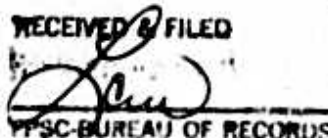

Connie Wightman
Consultant to:
New Media Telecommunications, Inc.

FPSC-RECORDS/REPORTING

SECTION 3.0 - DESCRIPTION OF SERVICE, (CONT'D.)**3.5 Prepaid Card Service - Standard Issue**

Prepaid Card Service - Standard Issue permits Customers to purchase a prepaid card to which call charges are consumed on a real-time basis. Customers access the service by dialing a Company-specified access code. All calls must be charged against a prepaid card that has a sufficient available balance. Customers are notified of their remaining balance each time a call is placed. Customers are also notified during a call when the balance is about to be depleted. Calls in progress will be terminated if the balance on the prepaid card is insufficient to cover the charges associated with the call. Registered Distributors of New Media PrePaid Cards will receive cards for their personal use at discounted rates set forth below.

3.5.1 Prepaid Card Service - Standard Issue

Calls are measured and consumed on a per unit basis. A unit equals one minute for the purpose of debiting the card.

Card Type	Per Unit Rate
End User Rate	\$0.1900
Distributor Rate	\$0.1650

3.5.2 Timing of Calls

All calls are billed in one (1) minute increments. Customers will be provided with a "Usage Remaining" message each time they utilize the card. They will also receive a reminder message when the card has one (1) minute of usage remaining. Call billing begins when a two-way communication is possible and ends when either the calling party or called party hangs up. No charges apply to incomplete calls.

SECTION 4.0 - MISCELLANEOUS CHARGES**4.1 Return Check Charge**

A return check charge of \$15.00 or 5% of the balance due (whichever is greater) will be assessed for checks returned for insufficient funds. Any applicable return check charges will be assessed according to the terms and conditions of the billing entity (i.e. local exchange company and/or commercial credit card company) and pursuant to Florida law and FPSC regulations.

4.2 Discounts for Hearing Impaired Customers

Should the Company add services in the future or begin using time of day rated services, the following shall apply. A telephone toll message which is communicated using a telecommunications device for the deaf (TDD) by properly certified hearing or speech impaired persons or properly certified business establishments or individuals equipped with TDDs for communicating with hearing or speech impaired persons will receive, upon request, credit on charges for certain intrastate toll calls placed between TDDs. The credit to be given on a subsequent bill for such calls placed between TDDs will be equal to applying the evening rate during business day hours and night/weekend rate during evening and night/weekend hours. Discounts do not apply to per call add-on charges for services when the call is placed by a method that would normally incur the surcharge.

4.3 Directory Assistance Charges for Handicapped Persons

In the event that the Company should offer directory assistance service in the future, the following shall apply. Presubscribed residential Customers or authorized users of Customers' services who are certified as handicapped are exempt from applicable Directory Assistance charges for the first 50 directory assistance calls per month.

4.4 Operation of the Telecommunications Relay Service

For toll calls received from the relay service, call charges shall be discounted by 50% from the otherwise applicable usage rate for a voice nonrelay call, except that where the calling or called party indicates that either party is both hearing and visually impaired, the call shall be discounted 60 percent.
