Re: Docket No. ~~900331~~-WU - Application for amendment of Certificate No. 347-W  
by Marion Utilities, Inc.

Dear Mr. Wiggins:

After reviewing the application in the above referenced docket, the staff has identified the following deficiencies, which need to be corrected.

- As required by Rule 25-30.035(9), Florida Administrative Code, provide a description of the territory proposed to be served, using township, range and section references as specified in Rule 25-30.030(2). Although a description was provided, part of the description is not in compliance with the above mentioned rule. The problem areas in the territory description that need to be corrected are the references to 103rd Street Road (Hialeah Boulevard) and Southwest 62nd Avenue Road (Aqueduct Boulevard). We have identified the problem areas on your description (see Attachment A).
- As required by Rule 25-30.036(3)(i), Florida Administrative Code, provide one copy of the official county tax assessment map or other map showing township, range, and section, with a scale such as 1"=200' or 1"=400', with the proposed territory plotted thereon by use of metes and bounds or quarter sections, and with a defined reference point of beginning. We are returning two County tax assessors maps (Map of Sections 27, 28, 33, 34 and Map of Sections 29, 30, 31, 32) so that all angles and distances can be labeled on the map.
