3. Provide 1995 Payphone services expenses by account or source, with supporting documentation.

RESPONSE: See Attachment I

4. Provide the amount of any subsidy of payphone services.

RESPONSE: There is no methodology which has been used to assign intrastate costs associated with payphone service to any access rate element (s). Tariffed rates for intrastate access services were not established based on costs of specific services, therefore no subsidies are in current access rates associated with payphone service.

5. Provide a copy of the CCL rate revision filings and accompanying subsidy calculation data submitted to the FCC in docket number 96-128.

RESPONSE: ALLTEL Florida, Inc. has not provided any studies or analysis to the FCC. The National Exchange Carrier Association (NECA) has provided the FCC with all information pertaining to NECA pool companies, of which ALLTEL Florida, Inc. is a member. Unlike intrastate access rates, interstate access rates are developed based on costs using FCC Part 36 and Part 69 rules.

6. Provide the costs of unbundled services/features for LEC payphones.

RESPONSES: This information is not available for ALLTEL Florida, Inc.
