Re: Docket No. 970229-SU: Application of K.W. Resort Utilities Corporation for limited proceeding increase in reuse water rates

Dear Mr. Deterding:

Staff has reviewed the application filed in the above referenced docket and requires additional information so that we can process K. W. Resort Utilities Corporation's (K. W.) request. Therefore, we request that K.W. provide responses to the following:

1. If the reuse customer was to discontinue receiving service from the utility, what impact would this have on the utility's effluent disposal? What alternative methods of effluent disposal are available to the utility and what is their cost? Has the utility investigated any of these alternatives? If so, please provide the results of the investigation.
2. What are the other reuse rates for utilities in the surrounding area? Please provide a list of the utilities and the rates.
3. Has K.W. completed a reuse feasibility study for the DEP? If not, why not? If so, please provide a copy of the feasibility study.

In addition, we request the following documentation:

1. All workpapers that support the special report.
2. A copy of the utility's consumptive use permit.
