Issue 1: Does the Telecommunications Act of 1996 prohibit BellSouth from carrying interLATA traffic?

Recommendation: Based on the briefs, the comments filed following the workshop, and staff's interpretation of the Telecommunications Act, it appears that BellSouth cannot originate interLATA traffic; however, staff does not believe there are any prohibitions that would prevent BellSouth from terminating interLATA traffic.

APPROVED

Issue 2: Should Order No. PSC-96-0557-POF-TL, which ordered ECS on the interLATA BellSouth routes involved in this recommendation and required BellSouth to seek approval from the FCC to carry interLATA traffic on these routes, be modified as outlined below?

- a) Delete the requirement that orders BellSouth to seek FCC approval to carry interLATA traffic.
- b) Relieve BellSouth of the requirement to implement BellSouth-to-BellSouth interLATA routes as listed in Table A of staff's April 24, 1997 memorandum.
- c) Relieve BellSouth of the requirement to originate ECS on the routes listed in Table B.
