FPSC-RECORDS/REPORTING

DOCKET NO. 970702-TL  
June 12, 1997

**STAFF ANALYSIS:** ALLTEL Florida, Inc. (ALLTEL or the Company) by tariff filings dated May 30, 1997, seeks authority to amend its Access and General Subscriber Services tariffs to detariff billing and collection (B&C) rates effective July 1, 1997. Attachment A is the Access Tariff filing (T-97-486) and Attachment B is the General Subscriber Services Tariff (GSST) Tariff filing (T-97-487).

ALLTEL currently provides the following Billing and Collection services:

- Recording
- Message Billing
- Private Line Billing
- Billing Information, and
- Billing Inquiry.

Some of the current tariff elements have no specific rates published. The rates are developed on an individual case basis (i.e., contract). On and after the July 1, 1997 effective date, ALLTEL will provide all its billing and collection services under contract. Local exchange companies (LECs) provide B&C either by tariff or under contract. Frontier Communications of the South, Inc. has provided B&C by contract since divestiture.

Staff recommends approval of these filings detariffing Billing and Collection rates, effective July 1, 1997.

**ISSUE 2:** Should these dockets be closed?

**RECOMMENDATION:** Yes. If Issue No. 1 is approved, these tariff filings should become effective on July 1, 1997. If a protest is filed within 21 days from the issuance of the Order, these tariffs should remain in effect with any revenues held subject to refund pending resolution of the protest. If no timely protest is filed, these dockets should be closed. (Pellegrini)

**STAFF ANALYSIS:** If Issue No. 1 is approved, these tariff filings should become effective on July 1, 1997. If a protest is filed within 21 days from the issuance of the Order, these tariffs should remain in effect with any revenues held subject to refund pending resolution of the protest. If no timely protest is filed, these dockets should be closed.
