Re: Docket No. 960786-TP, In re: Consideration of
BellSouth Telecommunications, Inc. entry into
InterLATA services pursuant to Section 271 of the
Federal Telecommunications Act of 1996

Dear Ms. Bayo:

During the workshop on issue identification held on June 17,
1997, on behalf of the Florida Competitive Carriers Association and
the Telecommunications Resellers Association I proposed an issue
related to performance standards. The issue as distributed during
the workshop should be modified to refer to resale as well as to
access to unbundled network elements. The issue is:

Has BellSouth identified appropriate performance
standards and measurements to ensure that it can provide
nondiscriminatory access to unbundled network elements,
including OSS, and availability of its services for
resale in the manner required by the Act and applicable
FCC rules, and is it meeting such standards?

Yours truly,

Joe McGlothlin
