Fernwood Mobile Home Estates
401 W. South Woodward Ave., #420
Birmingham, Michigan 48009

Re: Docket No. ~~25079~~-WU: Application for certificate to operate water utility in Volusia County by Fernwood Estates Mobile Home Park, Ltd.

Dear Mr. Perlman:

Pursuant to our conversation last Friday, this letter is to request additional documents and information staff needs to process the application. As I indicated to you on the phone, the most important requirement is that notice of the application must be given. (See sample notice in Attachment A.) In order to give notice, you must include a legal description of the location of Fernwood Estates Mobile Home Park, Ltd. (Fernwood). If the description is not in the correct format, it may need to be renoticed. If you wish staff to review the legal description prior to noticing, the proposed legal description must be accompanied by a territory map. (See sample map in Attachment B.)

- OTH _____

Notice of application. Rule 25-30.030, Florida Administrative Code, details the requirements for noticing. (The rule is appended to this letter as Attachment C.) Basically, there are three separate noticing requirements: (1) to utilities and government entities in the area; (2) to customers of the utility; and (3) in a local newspaper of general circulation.

Notice to government entities: Enclosed with this letter is a list of local utilities and government entities that need to be noticed in Volusia County. If Fernwood is within a mile of any county line, please let me know and I will send you a list of utilities and government entities in the adjoining county. If the notice is not given within 60 days, you will need to contact staff for an updated list. You will also need to furnish an affidavit affirming that notice has been given and when it was given along with a copy of the notice and the list of entities which received notice (whatever list(s) you used).

DOCUMENT NUMBER-DATE

07917 AUG-5 97

FPSC-REGCPS/REPORTING

Notice to customers: Notice must also be given by regular mail or personal service, to each customer, of the system to be certificated. You will need to furnish another affidavit affirming when the notice was given to customers along with a copy of the notice given.

Published notice. Finally, the notice must be published once in a newspaper of general circulation in the area of Fernwood. Please request an affidavit of the publication from the newspaper and forward it to the Commission.

2. **Legal Description.** Rules 25-30.030(2) and 25-30.034, Florida Administrative Code, require that the legal description of the territory include:

- a. a reference to township(s), range(s), land section(s) and county; and
- b. a complete and accurate description of the territory served or proposed to be served in one of the following formats. The description may reference interstates, state roads, and major bodies of water. The description shall not rely on references to government lots, local streets, recorded plats or lots, tracts, or other recorded instruments.
 1. **Sections:** If the territory includes complete sections, the description shall only include the township, range, and section reference. If the territory includes partial sections, the description shall either identify the subsections included or excluded.
 2. **Metes and bounds:** A point of beginning which is referenced from either a section corner or a subsection corner, such as a quarter corner. The perimeter shall be described by traversing the proposed territory and closing at the point of beginning. The description shall include all bearings and distances necessary to provide a continuous description.

For the legal description of Fernwood's location, your application referred staff to a warranty deed. Apparently a description of the location was appended to the warranty deed as Exhibit A, but a copy of Exhibit A was not included with the application. As a first step, I would suggest you attempt to locate Exhibit A to the warranty deed. If the description in Exhibit A does not rely on references to government lots, local streets, recorded plats or lots, tracts, or other recorded instruments, it may be in the correct format for noticing. Staff will be able to verify whether the legal description in Exhibit A is sufficient for noticing if it is accompanied by a territory map.

3. **Territory Map.** Rule 25-30.034(1)(j), Florida Administrative Code, requires one copy of the official county tax assessment map, or other map showing township, range, and section with a scale such as 1"=200' or 1"=400', with the proposed territory plotted on the map by use of metes and bounds or quarter sections, and with a defined reference point of beginning.

The map base should be available through the Volusia County assessors' office. You may wish to retain an engineering or surveying firm to locate the map base for you and plot the legal description of the territory. A description of how to prepare the territory map is appended to this letter as Attachment B. A complete copy of Rule 25-30.034, Florida Administrative Code, is appended as Attachment D.

4. **System Map.** Rule 25-30.034(1)(i), Florida Administrative Code, requires one copy of a detailed system map showing the distribution lines and treatment facilities in relation to the territory to be served. Since water service is purchased for Fernwood from the City of Deland, you will obviously not have a system map showing the water treatment facilities. However, you must still provide a system map showing the location of the water distribution lines. Please try to locate the "as-built" blueprints showing the placement of these lines.

If you are unable to locate blueprints, then you may estimate the location of the distribution lines on a detailed lot map along with the location of the water master meter(s). Again, you may wish to retain an engineering or surveying firm.

5. **Entities owning interest.** Rule 25-30.034(1)(c), Florida Administrative Code, requires the name(s) and address(es) of all corporate officers, directors, partners, or any other person(s) owning an interest in the utility. On page 2 of your application, Fred Morganroth and Sidney Cohn are listed as general partners. Please provide their full legal names and current addresses.
6. **Wastewater.** Please provide a statement as to how wastewater service is provided to residents of Fernwood Estates Mobile Home Park.
7. **Number of customer.** Exhibits 2 and 8 and Tariff Sheet No. 3.0 differ on the number of customers. Please explain.

8. **Billing.** Exhibits 1, 2 and 5 to your application appear to indicate that service is provided to each customer through a 3/4" meter and that the residents are billed by Fernwood and not the City of Deland. However, as actual confirmation of how service is provided, please answer the following:
- o What entity is responsible for reading meters and billing residents of Fernwood?
 - o How often are the residents billed?
 - o How much time typically elapses from the date the meters are read until the time the residents are billed?
 - o Please list the number and sizes of the master meters through which water service is provided to Fernwood by the City of Deland.
9. **Financial Ability.** An application for a certificate of authorization requires a finding of the applicant's financial ability to own and operate a public utility service. In Exhibit 4 to your application is a statement of Fernwood's modified cash flow at the end of 1996. While such statement does indicate adequate resources to provide for the routine and emergency needs of Fernwood's water system, the numbers do not have much significance unless accompanied by a statement of intent to use the resources to support the utility. Please provide a supplemental statement of the extent to which the limited partnership intends to commit the necessary financial resources to maintain the utility.
10. **Technical Ability.** An application for a certificate of authorization also requires a finding of the applicant's technical ability to own and operate a public utility service. Since Fernwood is purchasing water from the City of Deland, technical ability would be an indication that the limited partnership has retained adequate maintenance personnel to ensure that the water distribution lines are properly maintained. Please furnish a statement regarding the limited partnership's technical ability to continue to provide service.
11. **Rates Charged.** Exhibit 6 indicates that you believe the rates charged the residents of Fernwood through 3/4" meters are identical to those rates charged by the City of Deland to customers with 3/4" meters:
- o Please indicate how Fernwood derived the \$8.70 "additional water charge" which is included on the sample bill attached to Exhibit 7.
 - o Please explain how this charge is consistent with the statement in Exhibit 6.

Letter to Mr. Perlman
Page 6
August 4, 1997

- **Late Charge.** The sample bill form which follows Sheet No. 22.0 in your proposed tariff indicates that bills not paid within 10 days will incur a late charge of \$10.00. If you wish to charge a late fee, it must be justified. The Commission generally does not approve of the concept of late payment fees for water utilities. However, the Commission has approved a \$3.00 late payment charge when the utility proved it was experiencing a delinquency rate of 30% to 40%. Please modify the sample bill to remove the late charge of \$10.00 or provide sufficient documentation of the need for such charge.

The documents and information requested in this letter should be received by the Commission on or before September 25, 1997. The original and four copies (except where otherwise noted) of all documentation should be sent directly to the:

**Director, Division of Records and Reporting
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0850**

If you have any questions regarding the documents or information requested by this letter, please feel free to contact me at (850) 413-6686.

Sincerely,

Patricia Brady
Regulatory Analyst IV
Bureau of Policy Development
and Industry Structure

PLB:plb
Attachments & Enclosure
cc: Jennifer Brubaker, Division of Legal Services
Records and Reporting (2 copies)

12. **Water Tariff.** There are a number of minor corrections which need to be made to the proposed water tariff.
- o **Issuing Officer.** Who will be the issuing officer? The name and title of the issuing officer needs to appear on each page of your tariff.
 - o **Customer Class.** Instead of using the rate schedule for residential customers (RS) which is Sheet No. 13.0, you have used the rate schedule for general service customers (GS) which is Sheet No. 12. Please verify whether this is correct.
 - o **Rates and Charges.** You must specify a schedule of your rates and charges. You cannot refer to an exhibit. Please submit a revised Sheet No. 12.0 or 13.0, whichever is applicable (see item immediately above), with a schedule of all rates and charges that Fernwood requires for the provision of water service.
 - o **Miscellaneous Service Charges.** The miscellaneous service charges shown on Sheet No. 16.0 are not those automatically approved by the Commission. Staff can automatically approve initial connection fee of \$15.00; normal reconnection fee of \$15.00; violation reconnection fee of \$15.00; and premises visit fee of \$10.00. Please indicate whether these rates are acceptable by submitting a revised Sheet No. 16.0. If you wish the higher rates, they must be justified by providing detailed cost analysis.
 - o **Application Form.** An application for water service must be provided on Sheet No. 20.0. If you wish to adopt the sample application form that was included on the following page in your proposed tariff, please complete the applicable portions of the sample form, reduce it so that it may be copied onto Sheet No. 20.0 and submit the revised Sheet No. 20.0.
 - o **Customer's Bill.** A copy of the form used to bill customers must be provided on Sheet No. 22.0. On the following page in your proposed tariff, you have a form from Municipal Water and Sewer Company:
 - Who is the "Municipal Water and Sewer Company" and why does its name appear on the sample bill?
 - **Gallage.** If customers are charged a gallonage charge, the water bill must indicate the amount of water used and the charge. That information may be provided under the column marked "DESCRIPTION" on the sample bill. If so, please provide a copy of an actual bill as confirmation. If not, please modify and resubmit the bill form.

**SAMPLE NOTICE
APPLICATION OF AMENDMENT OF CERTIFICATE
(SECTION 367.045, FLORIDA STATUTES)**

LEGAL NOTICE

Notice is hereby given on (date) , pursuant to Section 367.045, Florida Statutes, of the application of (Name of Utility) to amend its Certificate(s) No(s). for water and/or wastewater service to (add) or (delete) territory in (Name of County) , Florida as follows:

(Insert a brief description of the area proposed to be served. Use the Survey of Public Lands method (township, range, section, and quarter section) if possible, or a metes and bounds description, and also the subdivision or project name. The description should **NOT** refer to land grants or plat books, but may use geographic boundaries (i.e., road right-of-ways, railroads, rivers, creeks, etc.). The object is to make the description as brief, but as accurate as possible.)

Any objection to the above application must be filed in writing within thirty (30) days from this date with the Director, Division of Records and Reporting, Florida Public Service Commission, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850. A copy of the objection should also be mailed to the applicant whose address is:

(Utility's name and address)

INSTRUCTIONS FOR PREPARATION OF TERRITORY DESCRIPTION AND MAP

Territory maps are required in the Florida Administrative Code rules related to applications for original certificates, amendments, grandfather certificates, and in transfers to a governmental agency where only a portion of the territory is transferred. The map is used by staff to verify the location of the existing or proposed territory. The territory maps should not be confused with the system depiction map which is used to locate existing or proposed service lines and facilities.

TERRITORY MAP

The territory map shall contain the following:

- 1) Territory shall be plotted on a Department of Transportation Map, County tax assessor map or any other map with a scale of 1" = 200 ft. or 1" = 400 ft.
- 2) Township, range, section, and county.
- 3) An accurate depiction of the existing or proposed territory. The map should clearly distinguish the existing versus the proposed territory.

An example of an acceptable territory map is attached as Example 3.

**INSTRUCTIONS FOR PREPARATION OF
TERRITORY DESCRIPTION AND MAP**

An accurate description of the territory served or proposed to be served is essential. The noticing requirement in Rule 25-30, Florida Administrative Code, and the territory description requirement for each of the certification applications require the territory to be described using township, range and land sections. Failure to use the required format will cause your application to be delayed and may result in your having to renotice. The following information is provided to assist you in preparing a correct legal description and plotting that territory on the service territory map.

TERRITORY DESCRIPTION

The territory description must contain the following:

- 1) Reference to township(s), range(s), land section(s) and county.
- 2) Complete and accurate description of the territory served or proposed to be served in one of two acceptable formats:
 - a) Sections - If the territory includes complete sections, the description may only include the township, range, and section reference. If the territory includes partial sections, the description shall either identify the subsections included or excluded.
 - b) Metes and Bounds - A point of beginning which is referenced from either a section corner or a subsection corner, such as a quarter corner. The perimeter shall be described by traversing the proposed territory and closing at the point of beginning. Also, the description shall include all bearings and distances necessary to provide a continuous description.
- 3) References to interstates, state roads, and major bodies of water are acceptable.
- 4) References to government lots, local streets, recorded plats or lots, tracts, or other recorded instruments are not acceptable.

Acceptable territory description formats are shown in the attached Examples 1 and 2.

INSTRUCTIONS FOR PREPARATION OF TERRITORY DESCRIPTION AND MAP

Territory maps are required in the Florida Administrative Code rules related to applications for original certificates, amendments, grandfather certificates, and in transfers to a governmental agency where only a portion of the territory is transferred. The map is used by staff to verify the location of the existing or proposed territory. The territory maps should not be confused with the system depiction map which is used to locate existing or proposed service lines and facilities.

TERRITORY MAP

The territory map shall contain the following:

- 1) Territory shall be plotted on a Department of Transportation Map, County tax assessor map or any other map with a scale of 1" = 200 ft. or 1" = 400 ft.
- 2) Township, range, section, and county.
- 3) An accurate depiction of the existing or proposed territory. The map should clearly distinguish the existing versus the proposed territory.

An example of an acceptable territory map is attached as Example 3.

**RULE 25-30.030, FLORIDA ADMINISTRATIVE CODE
NOTICE OF APPLICATION**

- (1) When a utility applies for a certificate of authorization, an extension or deletion of its service area, or a sale, assignment or transfer of its certificate of authorization, facilities or any portion thereof or majority organizational control, it shall provide notice of its application in the manner and to the entities described in this section.
- (2) Before providing notice in accordance with this section, a utility shall obtain from the Commission a list of the names and addresses of the municipalities, the county or counties, the regional planning council, the Office of Public Counsel, the Commission's Director of Records and Reporting, the appropriate regional office of the Department of Environmental Protection, the appropriate water management district, and privately-owned water and wastewater utilities that hold a certificate granted by the Public Service Commission and that are located within the county in which the utility or the territory proposed to be served is located. In addition, if any portion of the proposed territory is within one mile of a county boundary, the utility shall obtain from the Commission a list of the names and addresses of the privately-owned utilities located in the bordering counties and holding a certificate granted by the Commission. The utility's request for the list shall include a complete legal description of the territory to be requested in the application that includes:
 - (a) a reference to township(s), range(s), land section(s) and county; and
 - (b) a complete and accurate description of the territory served or proposed to be served in one of the following formats. The description may reference interstates, state roads, and major bodies of water. The description shall not rely on references to government lots, local streets, recorded plats or lots, tracts, or other recorded instruments.
 1. Sections: If the territory includes complete sections, the description shall only include the township, range, and section reference. If the territory includes partial sections, the description shall either identify the subsections included or excluded.

RULE 25-30.030, FLORIDA ADMINISTRATIVE CODE, CONTINUED:

2. **Metes and bounds:** A point of beginning which is referenced from either a section corner or a subsection corner, such as a quarter corner. The perimeter shall be described by traversing the proposed territory and closing at the point of beginning. The description shall include all bearings and distances necessary to provide a continuous description.
- (3) The notice shall be appropriately styled:
 - (a) Notice of Application for an Initial Certificate of Authorization for Water, Wastewater, or Water and Wastewater Certificate;
 - (b) Notice of Application for an Extension of Service Area;
 - (c) Notice of Application for Deletion of Service Area;
 - (d) Notice of Application for a Transfer of Water, Wastewater, or Water and Wastewater Certificate(s); or
 - (e) Notice of Application for a Transfer of Majority Organizational Control.
 - (4) The notice shall include the following:
 - (a) the date the notice is given;
 - (b) the name and address of the applicant;
 - (c) a description, using township, range and section references, of the territory proposed to be either served, added, deleted, or transferred; and
 - (d) a statement that any objections to the application must be filed with the Director, Division of Records and Reporting, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0870, no later than 30 days after the last date that the notice was mailed or published, whichever is later.
 - (5) Within 7 days of filing its application, the utility shall provide a copy of the notice by regular mail to:
 - (a) the governing body of the county in which the utility system or the territory proposed to be served is located;
 - (b) the governing body of any municipality contained on the list obtained pursuant to (2) above;

RULE 25-30.030, FLORIDA ADMINISTRATIVE CODE, CONTINUED:

- (c) the regional planning council designated by the Clean Water Act, 33 U.S.C. 1288(2);
 - (d) all water or wastewater utilities contained on the list(s) obtained pursuant to (2) above;
 - (e) the office of Public Counsel;
 - (f) the Commission's Director of Records and Reporting;
 - (g) the appropriate regional office of the Department of Environmental Protection; and
 - (h) the appropriate Water Management District.
- (6) No sooner than 21 days before the application is filed and no later than 7 days after the application is filed, the utility shall also provide a copy of the Notice, by regular mail or personal service, to each customer, of the system to be certificated, transferred, acquired, or deleted.
- (7) The Notice shall be published once in a newspaper of general circulation in the territory proposed to be served, added, deleted, or transferred. The publication shall be within 7 days of filing the application.
- (8) A copy of the notice(s) and list of the entities receiving notice pursuant to this rule shall accompany the affidavit required by sections 367.045(1) (e) and (2) (f), Florida Statutes. The affidavit shall be filed no later than 15 days after filing the application.
- (9) This rule does not apply to applications for grandfather certificates filed under section 367.171, Florida Statutes, or to applications for transfers to governmental authorities filed under Section 367.071, Florida Statutes, or to name changes.

Specific Authority: 367.121(1), F.S.

Law Implemented: 367.031, 367.045, 367.071, F.S.

History: New 4/5/81, formerly 25-10.061, Transferred from 25-10.0061 and Amended 11/9/86, Amended 1/27/91, Amended 11/30/93.

RULE 25-30.034, FLORIDA ADMINISTRATIVE CODE, CONTINUED:

- (j) one copy of the official county tax assessment map, or other map showing township, range, and section with a scale such as 1"=200' or 1"=400', with the proposed territory plotted thereon by use of metes and bounds or quarter sections, and with a defined reference point of beginning.
 - (k) the numbers and dates of any permits issued for the systems by the Department of Environmental Protection;
 - (l) the date the utility was established;
 - (m) a statement explaining how and why applicant began providing service prior to obtaining a certificate of authorization; and
 - (n) a schedule showing the number of customers currently served, by class and meter size, as well as the number of customers projected to be served when the requested service territory is fully occupied.
- (2) If the applicant is requesting any territory not served at the time of application, provide the following:
- (a) a statement showing the need for service in the proposed area; and
 - (b) a statement that to the best of the applicant's knowledge, the provision of service in this territory will be consistent with the water and wastewater sections of the local comprehensive plan as approved by the Department of Community Affairs at the time the application is filed, or, if not consistent, a statement demonstrating why granting the territory would be in the public interest.

Specific Authority: 367.121, F.S.

Law Implemented: 367.045, F.S.

History: New 1/27/91, Amended 11/30/93.

**RULE 25-30.034, FLORIDA ADMINISTRATIVE CODE
APPLICATION FOR CERTIFICATE OF AUTHORIZATION
FOR EXISTING UTILITY CURRENTLY CHARGING FOR SERVICE.**

- (1) Each existing utility currently charging for service, which is applying for an initial certificate of authorization, other than under section 367.171, Florida Statutes, shall provide the following information:
- (a) the utility's complete name and address;
 - (b) the nature of the utility's business organization, i.e., corporation, partnership, limited partnership, sole proprietorship, association, etc.;
 - (c) the name(s) and address(es) of all corporate officers, directors, partners, or any other person(s) owning an interest in the utility;
 - (d) a statement regarding the financial and technical ability of the applicant to continue to provide service;
 - (e) evidence that the utility owns the land upon which the utility treatment facilities are located, or a copy of an agreement which provides for the continued use of the land, such as a 99-year lease. The Commission may consider a written easement or other cost-effective alternative;
 - (f) one original and two copies of a model tariff, containing all rates, classifications, charges, rules, and regulations, which shall be consistent with Chapter 25-9, Florida Administrative Code. Model tariffs are available from the Division of Water and Wastewater, 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850;
 - (g) a statement specifying on what date and under what authority the current rates and charges were established;
 - (h) a description of the territory to be served, using township, range and section references as specified in Rule 25-30.030(2);
 - (i) one copy of a detailed system map showing the lines, treatment facilities and the territory to be served. Any territory not served at the time of the application shall be specifically identified on the system map. The map shall be of sufficient scale and detail to enable correlation with the description of the territory to be served;

RULE 25-30.034, FLORIDA ADMINISTRATIVE CODE, CONTINUED:

- (j) one copy of the official county tax assessment map, or other map showing township, range, and section with a scale such as 1"=200' or 1"=400', with the proposed territory plotted thereon by use of metes and bounds or quarter sections, and with a defined reference point of beginning.
 - (k) the numbers and dates of any permits issued for the systems by the Department of Environmental Protection;
 - (l) the date the utility was established;
 - (m) a statement explaining how and why applicant began providing service prior to obtaining a certificate of authorization; and
 - (n) a schedule showing the number of customers currently served, by class and meter size, as well as the number of customers projected to be served when the requested service territory is fully occupied.
- (2) If the applicant is requesting any territory not served at the time of application, provide the following:
- (a) a statement showing the need for service in the proposed area; and
 - (b) a statement that to the best of the applicant's knowledge, the provision of service in this territory will be consistent with the water and wastewater sections of the local comprehensive plan as approved by the Department of Community Affairs at the time the application is filed, or, if not consistent, a statement demonstrating why granting the territory would be in the public interest.
