Tallahassee, Florida 32399-0850

RECEIVED

AUG 05 1997

**Florida Public Service Commission
Division of Water and Wastewater**

RE: Gulf Utility Company - Jack and Bore Tariffs

Dear Mr. Hill:

Please find enclosed for staff approval are an original and three copies of the following proposed tariff sheets and an original and three copies of the Contract between Gulf Utility Company and Strikler Bros., Inc.:

WATER: Fourth Revised Sheet No. 33.0
Sixth Revised Sheet No. 24.0

WASTEWATER: Ninth Revised Sheet No. 23.3

The reason for this tariff change is that Gulf's jack and bore rig is unable to perform many service installations due to the width of pavement that has to be crossed. Some of these have been contracted out at a loss to Gulf. Gulf believes it is prudent to have a contract that provides a charge for this service. As a result Gulf request the approval of the enclosed tariff sheets.

Please let me know at your earliest convenience if these tariffs meet with staff approval.

Very truly yours,

B. Kenneth Gatlin

NAME OF COMPANY GULF UTILITY COMPANY
 WATER TARIFF

6.0 CONNECTION FEES

In addition to the foregoing fees, Developers shall pay connection fees as follows:

WATER PLANT capacity charges

Residential = \$800.00 per ERC
 General Service = \$1.39 per
 gallon of anticipated
 daily demand.

ERC = 396 gallons per day

SEWER PLANT capacity charges

Residential = \$550.00 per ERC
 General Service = \$3.20 per
 gallon of anticipated
 daily demand.

ERC = 250 gallons per day

6.1 CONDITION REGARDING RECEIPT OF CONTRIBUTIONS IN AID OF CONSTRUCTION

The service availability fees are granted on the express condition that the Utility agree as a condition precedent to implementation of the service availability rules and policy, that any contributions-in-aid-of-construction, including contributions of lines by developers, homeowners, or from any source whatsoever, or any assets that are received by the Utility other than those from Utility funds invested therein or capital investment by the company stockholders, from and after the effective date hereof, will be received by the Utility and will be held and operated solely for the use and benefit of its customers.

7.0 WATER METER INSTALLATION CHARGES

The Utility will require prior to the commencement of water service, that the following schedule of connection charges be paid to the Utility as a prerequisite for service per meter required. The Utility will charge only those customer connection charges necessary to connect a particular customer to the system.

<u>Meter Size</u>	<u>Meter Installation Charge</u>
5/8" x 3/4"	\$ 115.00*
3/4"	115.00*
1"	164.00*

1-1/2" and greater

Actual Cost

* Includes the cost of a back-flow prevention device.

Customer Connection Charges

Jack and Bore for single service	\$650.00
Jack and Bore for double service	325.00
Main tap	95.00
Lee County DOT Permit	30.00

Water meters 1-1/2" and greater will be installed pursuant to agreement between Contributor and the Utility, at the Utility's cost, to be paid by Contributor.

8.0 INSPECTION FEES

Engineering plans or designs for, or construction of facilities by a Contributor which are to become a part of Utility's system will be subject to review and inspection.

ERC = 250 gallons per day

6.1 CONDITION REGARDING RECEIPT OF CONTRIBUTIONS IN AID OF CONSTRUCTION

The service availability fees are granted on the express condition that the Utility agree as a condition precedent to implementation of the service availability rules and policy, that any contributions-in-aid-of-construction, including contributions of lines by developers, homeowners, or from any source whatsoever, or any assets that are received by the Utility other than those from Utility funds invested therein or capital investment by the company stockholders, from and after the effective date hereof, will be received by the Utility and will be held and operated solely for the use and benefit of its customers.

7.0 WATER METER INSTALLATION CHARGES

The Utility will require prior to the commencement of water service, that the following schedule of connection charges be paid to the Utility as a prerequisite for service per meter required. The Utility will charge only those customer connection charges necessary to connect a particular customer to the system.

<u>Meter Size</u>	<u>Meter Installation Charge</u>
5/8" x 3/4"	\$ 115.00*
3/4"	115.00*
1"	164.00*
1-1/2" and greater	Actual Cost

* Includes the cost of a back-flow prevention device.

Customer Connection Charges

Jack and Bore for single service	\$650.00
Jack and Bore for double service	325.00
Main tap	95.00
Lee County DOT Permit	30.00

Water meters 1-1/2" and greater will be installed pursuant to agreement between Contributor and the Utility, at the Utility's cost, to be paid by Contributor.

8.0 INSPECTION FEES

Engineering plans or designs for, or construction of facilities by a Contributor which are to become a part of Utility's system will be subject to review and inspection.
