REQUEST FOR CONFIDENTIAL CLASSIFICATION OF CERTAIN  
MATERIAL OBTAINED DURING THE CONTRACTS FOR  
FOR COMPUTER WORK AUDIT

Florida Power & Light Company ("FPL") hereby requests confidential classification of certain material obtained during the Contracts for Computer Work Audit (the "Audit")(Audit Control No. 96 081-4-1)-undocketed. This request for confidential classification is filed pursuant to section 25-22.006 of the Florida Administrative Code and section 366.093 of the Florida Statutes. FPL further states:

1. Petitioner's name and address are:

Florida Power & Light Company  
P.O. Box 029100  
Miami, Florida 33102-9100

Orders, notices, or other pleadings related to this request should be served on:

Patrick M. Bryan, Esquire  
Florida Power & Light Company  
700 Universe Boulevard  
Building D-3  
Juno Beach, Florida 33408-0420

2. During the Audit, Commission Staff requested access to various FPL internal audit reports, contract data and pricing information and other documents related to FPL's computer security measures and procedures, and documents related to FPL's competitive interests in connection with contracts for computer work.

DOCUMENT NUMBER-DATE

FPSC-RECORDS/REPORTING

3. The following exhibits are attached hereto or are being filed separately, but contemporaneously herewith:

- a. Composite Exhibit A consists of all documents for which FPL seeks confidential treatment. All information contended by FPL to be entitled to confidential treatment has been highlighted in Composite Exhibit A. Composite Exhibit A is being filed separately in a sealed envelope marked "CONFIDENTIAL."
- b. Composite Exhibit B, attached, consists of all documents for which FPL seeks confidential treatment. All information contended by FPL to be entitled to confidential treatment has been redacted in Composite Exhibit B.
- c. Exhibit C, attached, is a line by line and page by page justification matrix including identification of information for which confidential treatment is sought, and correlation of the confidential information with the specific justification for the claim of confidentiality.
- d. Exhibit D, attached is the affidavit of Guy L. Casaceli  
Exhibit E, attached is the affidavit of Paul Johnsen  
Exhibit F, attached is the affidavit of Susan K. Gampfer
- e. Exhibit G is a computer diskette containing FPL's justification matrix (Exhibit C).

4. The material in Exhibit A for which FPL seeks confidential treatment should not be declassified for a period of at least 18 months and should be returned to FPL in accordance with section 366.093(4) of the Florida Statutes as soon as the information is no longer necessary for the Commission to conduct its business. Since the materials include documents which are derived from or are related to internal auditing reports, contractual data and pricing information, security measures and other documents related to FPL's competitive interests, the materials should remain confidential while at the Commission and should be returned to FPL so that FPL can maintain the confidential nature of the documents.

5. FPL seeks confidential protection for this information pursuant to section 366.093(3)(b) (internal audit information), 366.093(3)(c) (security measures, systems, and procedures), 366.093(3)(d) (contractual data and pricing information), and section 366.093(3)(e) (data, the disclosure of which has the potential to cause competitive harm). Pursuant to section 366.093, such materials are entitled to confidential treatment and exempt from the mandatory disclosure provisions of the public records law. Thus, once the Commission determines that the information is encompassed by sections 366.093(b)(c)(d) and (e), the Commission is not required to balance the danger of disclosure against the public interest in access.

6. Within the justification matrix (Exhibit C) the column marked "FLORIDA STATUTE 366.093(3)" is keyed to justifications for confidentiality contained within the referenced statute. For lines marked "(b)", the justification for confidentiality is that the referenced material is related to internal

auditing controls and/or reports of internal auditors within the meaning of section 366.093(3)(b) of the Florida Statutes. For lines marked "(c)", the justification for confidentiality is that the referenced material includes or is derived from computer security measures, systems, and procedures within the meaning of section 366.093(3)(c) of the Florida Statutes. For lines marked "(d)", the justification for confidentiality is that the referenced material is related to or derived from contractual data and pricing information within the meaning of section 366.093(3)(d) of the Florida Statutes, and the disclosure of which would impair FPL's ability to enter into similar types of contracts in the future on favorable terms. For lines marked "(e)", the justification for confidentiality is that the referenced material is related to competitive interests of FPL and disclosure would impair FPL's competitive business within the meaning of section 366.093(3)(e) of the Florida Statutes. The justification for confidentiality of the referenced material is more fully set forth in the affidavits of Guy L. Casaceli, Paul Johnsen, and Susan K. Gampfer (Exhibit D, E, and F respectively).

### CONCLUSION

FPL requests confidentiality protection as to the material set out and described in the attached confidentiality justification matrix (Exhibit C).
