

VOTE SHEET

OCTOBER 7, 1997

RE: DOCKET NO. 971072-WU - Disposition of service availability charges for Crystal River Utilities, Inc. for Pine Valley, Meadows, and Woods water systems in Sumter and Citrus Counties.

Issue 1: Should the utility's current service availability tariff sheets for the Pine Valley, the Meadows, and the Woods systems be revised to reflect no service availability charges are applicable for these water systems?

Recommendation: Yes, the utility's current service availability tariff sheets for the Pine Valley, the Meadows, and the Woods systems should be revised to reflect no service availability charges are applicable for these water systems. Crystal River should be ordered to discontinue collection of all authorized service availability charges for these systems, as of the effective date of the Order. The utility should be ordered to file revised tariff sheets within 10 days of the effective date of the Order, which are consistent with the Commission's vote. Staff should be given administrative authority to approve the revised tariff sheets upon staff's verification that the tariffs are consistent with the Commission's decision.

DOCKET NO. 971072-WU - Disposition of service availability charges for Crystal River Utilities, Inc. for Pine Valley, Meadows, and Woods water systems in Sumter and Citrus Counties.

(Continued from previous page)

Issue 2: Should this docket be closed?

Recommendation: Yes, upon expiration of the protest period, this docket should be closed if no person whose interests are substantially affected by the proposed action files a protest within the 21-day protest period, and upon the utility's timely filing of revised tariffs consistent with the Commission's decision herein, and upon staff's verification that the tariffs reflect the Commission's decision. If a protest is filed, any charges collected under the existing tariff should be held subject to refund.
