TO: James McGee, Esquire - Florida Power Corporation
John Roger Howe, Esquire - Office of Public Counsel
Matthew Childs, Esquire - Orlando Cogen Limited, Air Products & Chemicals, Inc.

FROM: Cochran Keating, Staff Attorney, Division of Legal Services WCK

RE: Docket No. 9876543 - Petition for approval of early termination amendment to negotiated qualifying facility contract with Orlando Cogen Limited by Florida Power Corporation.

On October 23, 1997, Staff provided the parties, by U.S. mail, a legal size document that was mistakenly identified as a spreadsheet previously provided in Staff's Response to Florida Power Corporation's Request for Production of Documents to Staff (No. 1). The document provided was, in fact, an updated version of the spreadsheet previously provided in response to FPC's request. The document provided reflects Staff witness Stallcup's revisions to the spreadsheet column titled "Variable O&M" and changes to the probabilities associated with his adjusted DRI scenarios as presented in Exhibit PWS-5. Mr. Stallcup intends to amend his testimony at hearing to account for this revision but does not intend to change his conclusions based on the amendment.

I apologize for any confusion or inconvenience that this error may have caused.
