Re: Docket No. 970409-SU: Investigation into the appropriate wastewater rates for the Tropical Isles facility of Florida Water Services Corporation in St. Lucie County

Dear Mr. Feil:

With regard to the billing analysis filed in the above referenced docket, staff has reviewed Florida Water Services' (Florida Water) analysis and compared it to the billing records provided by the City of Fort Pierce. When we made this comparison, we noticed that approximately 2 million gallons had been removed from the billing analysis and were unable to determine which customers were deleted from the billing records. Therefore, we would like for Florida Water to provide a written analysis that explains in better detail which customers were removed from the billing records and why these customers were removed.

Please provide a response by December 1, 1997. If you have any questions, please feel free to contact me.

Sincerely,

Edith H. Xanders
