Dear Ms Bayo:

The following pages represent a petition from The People of Fort White, Columbia County, Florida, requesting a change be made in the boundaries of telephone service to the Fort White area. This change would affect only the 497 exchange of area code 904, allowing the people in the 497 exchange to call Gainesville toll free just as the 454 exchange of Fort White. The toll call in the 497 exchange to Gainesville is an economic hardship on the majority of the people, since the majority either work, use doctors, or other professional services, or do business on a daily basis in Gainesville.

We are also aware that Northern Telcom, the original designer, supplier and installer of the 497 exchange is updating this exchange to a completely digital system in the first quarter of 1998. This would be a good time to incorporate the chance technologically. This bill be done through Alltel, the current local telephone company

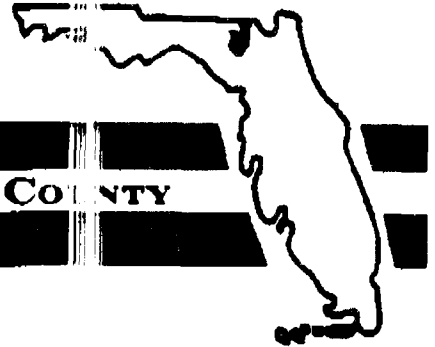

Mr. Frank Albury, County Commissioner, Columbia County, District two had sent you a correspondence on or about August 12, 1997 regarding this change. Please record this petition and consider it a serious and needed request from The People of Fort White, Columbia County, Florida.

Most Sincerely,

J. Michael Zimmerman, Resident
Fort White, Florida

Dear Ms. Bayo:

A petition is being circulated by affected parties in Columbia County requesting this consideration. Also, a Resolution of the Board of County Commissioners will be forthcoming. Please feel free to call should I be of further assistance.

PETITION

Gainesville needs to be a local call in the 497 exchange

We the people of Fort White, Florida, in the 497 exchange have the need to call Gainesville toll free. This is to include Gainesville exchanges: 213,214,316,317,318,331,332,333,334,335,336,337,338,339,370,371,372,373,374,375,376,377,378,380,392,395,846,955, and as new exchanges are implimented in this area, they are to be added to this list of exchanges of the area code 352, Gainesville. Many of us have employment, or do business on a daily basis in Gainesville, the current toll charge is an economic hardship on many of us. Many of the local businesses in the 497 exchange find it ever increasingly difficult to swallow the added expense without adding it on to the products that we buy, which is a double expense to all of us. By the virtue of the signatures below, we are all in agreement. This Petition is in accordance with the Public Utilities Commission, State of Florida, and Alltel, Inc. Little Rock, AR.

Many of us have employment, or do business on a daily basis in Gainesville, the current toll charge is an economic hardship on many of us. Many of the local businesses in the 497 exchange find it ever increasingly difficult to swallow the added expense without adding it on to the products that we buy, which is a double expense to all of us. By the virtue of the signatures below, we are all in agreement. This Petition is in accordance with the Public Utilities Commission, State of Florida, and Alltel, Inc. Little Rock, AR.

PETITION

Gainesville needs to be a local call in the 497 exchange

We the people of Fort White, Florida, in the 497 exchange have the need to call Gainesville toll free. This is to include Gainesville exchanges: 213, 214, 316, 317, 318, 331, 332, 333, 334, 335, 336, 337, 338, 339, 370, 371, 372, 373, 374, 375, 376, 377, 378, 380, 392, 395, 846, 955, and as new exchanges are implemented in this area, they are to be added to this list of exchanges of the area code 352, Gainesville. Many of us have employment, or do business on a daily basis in Gainesville, the current toll charge is an economic hardship on many of us. Many of the local businesses in the 497 exchange find it ever increasingly difficult to swallow the added expense without adding it on to the products that we buy, which is a double expense to all of us. By the virtue of the signatures below, we are all in agreement. This Petition is in accordance with the Public Utilities Commission, State of Florida, and Alltel, Inc. Little Rock, AR.
