Dear Sir,

This letter is to inform you that I, among other home owners/property owners in the Woodlands section of Rainbow Springs, Marion County, Fl. reject the intention to expanded water and sewer to this area.

When I bought this property, it was for the sole reason that the water here was pure and undisturbed. The thought of having to be subjected to chlorinated processed water disturbs me.

Further the lots in this section are 1 acre lots or more. The cost to do any such work would be astronomical to each individual homeowner.

I therefore request that the Florida Public Service Commission delay any formal action with regards to this matter until the property owners of the Woodlands section of Rainbow Spring has ample time to meet to discuss a plan of action. I also request that I be notified if any further actions transpire regarding this matter by the FPSC. I can be reached at the above address anytime.
