FROM: Division of Water and Wastewater, Eric Groom
Florida Public Service Commission

FAX (904) 413-6941

If you have any questions or problems, please contact me at (904) 413-6940.

TO: Lisa Layne

FAX NUMBER: (305) 377-8331

PHONE NUMBER: (305) 377-4228

Comments: Hi Lisa, I got your voice mail from yesterday and I thought it may be easier if I just fax the information that I will need regarding Broadview Park Water Company tariff modification. First, I will need a letter stating the Broadview Park wishes to withdraw the tariffs filed on July 24, 1997, regarding the premises visit, initial connection and worthless check charge. In addition, you will need to state in that letter that you wish to request that Docket No. 971021-WU remain open in order for Broadview Park to file revised tariffs along with a cost justification. I will need this letter as soon as possible. I understood by your voice mail that Mr. Schwab is currently working on the cost justification and should have something to you next week.

Re: Broadview Park Water Company Index and Pass-through Rate Application

Dear Eric:

Broadview Park Water Company wishes to withdraw the tariffs filed on July 24, 1997, regarding the premises visit, initial connection and worthless check charge. We request that Docket No. 971021-WU remain open in order for Broadview Park to file revised tariffs along with cost justification.

We anticipate filing the revised tariffs along with cost justification within a two week time period.

If you have any questions, please contact the undersigned.

Thank you for your attention to this matter

Sincerely,

Lisa A. Layne, CPA

Re: Broadview Park Water Company Tariff Modification

Dear Eric:

Enclosed are two copies of tariff modifications for Broadview Park Water Company Third Revised Sheet No. 14 seeks to update the charge for the premise visit charge in lieu of disconnection from its present rate of \$7.50 to \$10.00. We are also requesting that the Violation Reconnection service charge be increased from \$15.00 to \$25.00, as well as the after normal working hours charge from \$20.00 to \$50.00.

Second Revised Sheet No. 19 seeks to update both the initial connection charge from \$10 to \$15 and the after normal hours charge from \$15 to \$40, as well as change the worthless check service charge to be in compliance with the current provisions of Chapter 832 of the Florida Statutes

Thank you for your attention to this matter.

Sincerely,

Lisa A. Layne, CPA

- 17.0 * Delinquent Bills - After a bill becomes delinquent, the water service may then, after five days written notice, be discontinued. Service will be resumed only upon payment of all past-due bills and penalties. However, if the Company is called by the customer and requested to pick up the delinquent payment at the service address, or if someone is present at the service address when a Company employee arrives to shut off the water service, then the water service should be left on and a \$10.00 Premise Visit Charge in Lieu of Disconnection be collected in addition to the delinquent amount. If the water service is shut off because no one was at the service location to pay the delinquent amount when the Company employee was there, then to restore water service a Violation Reconnection service charge of \$25.00 is to be collected in addition to the delinquent amount if the work is performed during normal working hours; or if the work is performed after normal working hours, the service charge is \$50.00. For the purposes of this tariff rule, any Violation Reconnection called in or arranged in person at the business office after 4:00 p.m. shall be considered after hours. (See Rule 18.0 also)
- 18.0 * Payment of Water and Private Fire Protection Service Bills Concurrently - When both water and PFP service are provided by the Company, payment of any water service bill rendered by the Company to a water service Consumer shall not be accepted by the Company without the simultaneous or concurrent payment of any PFP service bill rendered by the Company. If the charges for water service are not so paid, the Company may discontinue both PFP service and water service to the Consumer's premises for nonpayment of the water service charges or if the charges for PFP service are not so paid the Company may discontinue both water service and PFP service to the Consumer's premises for nonpayment of the PFP service charge. The Company shall not re-establish or reconnect PFP service and water service or either of such services until such time as all other expenses or charges established or provided for by these rules and regulations are paid.
- * Appropriate fire marshal is to be notified in advance by certified mail before disconnecting a private fire protection customer
- 19.0 Base Facility Charge - This is the part of the Consumer's monthly bill that is charged whether any water is consumed or not. It is applicable to an owner/customer whether or not there is an occupancy at a service location. This charge was developed to compensate the Utility for certain fixed costs that the utility must pay that are caused by a service location being connected to a water system, regardless of whether or not any water is consumed at the service location

Meters shall register within the accuracy limits set forth in the following table

<u>Meter Type</u>	<u>Accuracy Limits in Percent</u>			
	<u>Maximum Rate</u>	<u>Intermediate Rate</u>	<u>Minimum Rate</u>	
			<u>New</u>	<u>Repaired</u>
Displacement	98.5-101.5	98.5-101.5	95-101.5	90-101.5
Current	97 -103	97 -103	95-103	90-103
Compound*	97 -103	97 -103	95-103	90-103

*The minimum required accuracy for compound meters at any rate within the "changeover" range of flows shall be 85%.

- 29.0 Initial Connection and Normal Reconnection - The Company requires an Initial Connection service charge of \$15.00 if done during normal work hours, and \$40.00 if done after normal work hours to commence initial water service. The Company also requires Normal Reconnection service charges in the amount of \$15.00 to restore water service when it has been discontinued for proper cause.
- 30.0 Worthless Check Service Charge - Company requires a service charge on any bank returned check in amount not to exceed \$25.00 if the face value does not exceed \$50.00, \$30.00 if the face value exceeds \$50.00 but does not exceed \$300.00, \$40.00 if the face value exceeds \$300.00 or an amount of up to 5% of the face amount of the check, whichever is greater, in accordance with the provisions of Chapter 832 Florida Statutes.
