Re: Rainbow Spr. Utilities LC
Extension of Service

Dear Sirs,

On Dec. 22, 1997, we received a disturbing notice from Rainbow Spr. Utilities LC telling us that we had 30 days to appeal their application to Fla. Public Service Com. to extend their water service into our section of Rainbow Sp. Woodlands.

In March 1978 my husband + I bought a lot in Rainbow Sp. on which to build our retirement home. This lot consisted of 1 1/3 acres, a size which was required at that time to drill a well and install an adequate septic system, which we did. In the 20 years that we have lived here, the only problems we ever had was during a summer storm (1985) when the pump house was struck by lightning - easily repaired
