FPSC-RECORDS/REPORTING

I live on a fixed income - the wells in the woodlark area an average of 74 feet - 4 inch casing, water as fine as it gets. no chemical added to cause bad taste or poor quality - who knows what else.

I have a sprinkler system for my lawn - only cost is electricity for pump - if feed through a sewer system would be very spendy.

The septic system works very good - 17 years with no problem.

ACK _____ In 1973 at Naples, Fl. built a new home and
AFA _____ a new 7 unit apt. building - had a septic system
APP _____ work. fine - city came in - lens of a construction
CAF _____ put in city sewage - nothing but trouble and very
CMU _____ costly.

LEG 1 _____ noted - I am not interested in a different system
IN _____ and very much against it.

LPO _____ this community does not want or need our
FCH _____
SEC 1/2 _____ set up to be altered or tampered with by some
WAS _____
OTH _____
