Re: RAINBOW SPRINGS, NOTICE OF APPLICATION FOR EXTENSION OF SERVICE AREA

Dear Sir/Madam:

We are writing to you in response to the letter we received prior to Christmas. We are concerned over the contents of that letter to impose water and sewer lines in our community. We purchased our 1 1/2 acre over 13 years ago and built a home on that lot. We have invested alot of money to make our home energy efficient and we installed water to air in our air conditioning and heating units. Yes, I mean units, we have 2 one for each side of our home. It will cost us considerable amount of money to change those units out if we are subjected to going on the Rainbow Springs Utilities besides the additional cost imposed on us by this utility. In addition, we do not wish to have any more monthly bills than what we have planned on. Our well and septic has served us well and will continue to do so.

Thank you for your attention in this matter, as you can tell we are opposed to putting in this utility in our community.

Sincerely,
David & Robbin Wilkinson
