# Public Service Commission

February 20, 1998

Mr. Carl Wenz  
Vice President, Regulatory Matters  
Utilities Inc.  
2335 Sanders Road  
Northbrook, IL 60062-6196

Re: Docket No. 960288-SU, Application for approval of reuse project plan in Seminole County by Alafaya Utilities, Inc.

Dear Mr. Wenz:

As you are aware, on February 19, 1998, the Commission approved your application for expansion of your reuse system. However, at the agenda conference, the Commission expressed concern that until a charge was approved for connection to the reuse system, the utility would be unable to disclose to developers or prospective customers the cost of such connection. It was the stated desire of the Commission that you not delay in quantifying the cost of a residential reuse connection and making a filing to include this charge within your tariff. Since you must determine what is required and the associated cost for a service connection and what, if any, of this cost you can make the responsibility of the developers, time will be needed to finalize your tariff filing.

Accordingly, we believe it is reasonable to anticipate your filing by June 15, 1998. Should this deadline present a problem or you have any questions or concerns, please contact me at (850) 413-7005.

Sincerely,  
*Ralph Von Fossen*
