After I got back to the office, I called again and the correct way is with periods, i.e., "W.T." Thanks for your help.

Nonnye, is this ok? We've already changed it per her email. Do we need anything else from her?

.....  
Linda, I checked with Kay this morning and she said that we have to go with the way their name is registered with the Secretary of State's office, which is "WT" with no periods. Kay said that Paula needs to get in touch with the applicant again and explain to them of this. If they want the periods in their name, that will have to be corrected on their registration and copy of that form forwarded to PSC.

Paula, we are changing the name back to without the periods (WT) as it is on the registration. Can you let them know what they need to do. Thanks  
Paula.
