In re: Generic consideration of local exchange (ILEC) business office practices and tariff provisions in the implementation of intralATA presubscription

DOCKET NO. 970526-TP FILED: 3/13/98

VISTA'S POSTHEARING STATEMENT AND BRIEF

Vista-United Telecommunications ("Vista"), pursuant to Order No. PSC-98-0010-PCO-TP, issued January 5, 1998, and Rule 25-22.056, Florida Administrative Code, hereby submits the following Post-Hearing Statement and Brief:

I.

Introduction

The final hearing in this docket was held on February 23, 1998. The Commission approved a stipulation between the parties at the beginning of the hearing. [Tr. 6 - 10] That stipulation resolved all of the issues for Vista except issue 5 (two-for-one PIC). GTE was the only LEC to present testimony on that issue. Vista is not opposed to a two-for-one PIC, but believes that small LECs like Vista should get whatever GTE gets if the Commission orders a less than two-for-one PIC as proposed by GTE.

Northeast's Position on the Issues

Issue 1: Should the Commission prohibit GTEFL, Sprint, and the small ILECs (ILECs) from utilizing terminology that suggests ownership of the intralATA toll calling area when referring to the intralATA service areas in directories and bill inserts?

Position: This issue has been resolved by the Commission's approval of the stipulation in this docket.

Issue 2: Should the Commission require GTEFL, Sprint-Florida, and the small ILECs (ILECs) to place a new customer who is undecided regarding a choice of intralATA carriers in a "no-PIC" status until a choice is made?

Position: This issue has been resolved by the Commission's approval of the stipulation in this docket.

Issue 3: Should the Commission require GTEFL, Sprint-Florida, and the small ILECs (ILECs) to put in place competitively-neutral customer contact protocols?

- a. Communicating information to new customers regarding intralATA choices.
- b. ILEC processing all PIC change orders of its customers.

Position: This issue has been resolved by the Commission's approval of the stipulation in this docket.

Issue 4: For what period of time, if any, should the Commission require GTEFL, Sprint-Florida, and the small ILECs (ILECs) to put in place competitively-neutral customer contact protocols?

- a. ILECs' ability to market their services to existing customers changing their intralATA carriers.
- b. ILECs' ability to market intralATA services to existing customers when they call for reasons other than selecting intralATA carriers.

Position: This issue has been resolved by the Commission's approval of the stipulation in this docket.

Issue 5: Should the Commission require GTEFL, Sprint-Florida, and small ILECs (ILECs) to provide One Free PIC to existing customers?

Position: This issue has been resolved by the Commission's approval of the stipulation in this docket.

Issue 6: Should the Commission require GTEFL, Sprint-Florida, and small ILECs (ILECs) to provide Two-For-One PIC to existing customers?

Position: * Vista is not opposed to a two-for-one PIC, but believes that small LECs like Vista should get whatever GTE gets if the Commission orders a less than two-for-one PIC as proposed by GTE.
