Ref: Application Form PSC/CMU 31 (12/96)

Dear Sir or Madam:

Please find enclosed one (1) original and six (6) copies of the Application Form for "Authority to Provide Interexchange Telecommunications Service within the State of Florida" as well as all documents requested.

InterCom Network, Inc., is a company that provides International Re-Originating services to clients all over the globe. It is our intention to offer these international clients and local residents access to our network for international calling and for telecommunication services within the State of Florida and the United States should they desire when they arrive to the US.

Should you have any questions, please do not hesitate in contacting me at 305-908-4274 and 305-463-6846.

Hoping for a prompt and positive reply, I remain.

Respectfully,

George Poincot
CEO
InterCom Network, Inc.

EMPLOYMENT HISTORY:

InterCom Network, Inc. - Miami, Florida

Chief Technology Officer - January 1998 to Present

Provider of private voice, data, and fax service.

- Responsible for the day-to-day operations, management and problem resolution for all telecommunications networks.
- First line management of all network operations staff assigned to the specific department, including performance reviews, counseling, professional development, training, etc.
- Project lead for all design, development, and implementation of hardware and software deployed.

Environment: MS C++, MS-SQL, SCO Unix, NT & Windows 95

Communications Sciences Group, Inc. - Miami, Florida

V.P. of Technical Operations - January 1997 to December 1997

Provider of telephony equipment.

- Responsible for all staff relating to the development of central office grade telephony switching equipment.
- Completed the conversion of an existing PC based switching facility to an Excel programmable switching platform.
- Designed and implemented the application layer for the host control software providing.

Environment: MS C++, MS-SQL, SCO Unix, NT & Windows 95

Direct Net Marketing, Inc. - Miami, Florida

Chief Operating Officer - January 1996 to December 1997

Provider of services to the direct marketing industry.

- Selected, purchased, installed and implemented Oracle Server, Oracle Designer 2000, and Oracle Developer 2000 on a Windows NT Server with workstations running Windows 95
- Temporary systems were created in MS-Access and MS-SQL and then migrated to the Oracle platform once it was operational
- Responsible for creating the specifications of services provided by outsourced telecommunications vendors and the implementation of these services

Environment: Oracle, MS-Access, MS-SQL, NT & Windows 95

Gold Coast Media, Inc. - Miami, Florida

Director Technical Operations - September 1995 to December 1995

Produces direct marketing television infomercials.

- Primary liaison between the MIS department and all other departments
- Coordinated all projects requiring resources from multiple departments
- Single point of contact for outside vendors and suppliers providing telecommunication services, telemarketing, and fulfillment
- Designed and created an automated system to track the vendors performance on a daily basis
- Performed unique and specialized analysis as requested by senior management

Sr. Systems Analyst - March 1995 to September 1995

- Lead systems analyst for the telemarketing operations
- Supervised three programmers responsible for a major upgrade and rewrite to the MS-Access based telemarketing system in preparation for a conversion to MS-SQL Server
- Integrated the MS-SQL server on a Compaq running NT into an existing Novell network
- Set up and configuration of a second MS-SQL server used by the development team to implement the conversion with a minimal effect to users
- Completed the Microsoft Official Curriculum course for "Systems Administration for Microsoft SQL Server for Windows NT" and several advanced MS-Access classes

Environment: MS-Access, MS-SQL Server, NT, Novell

Future Vision - Fort Lauderdale, Florida

Training and Support Manager - January 1994 to February 1995

Provided computer trading systems and training for the commodity trading industry.

- Responsible for all aspects of computer hardware and software purchasing, configuration and delivery to client
- Trained new clients in the use and maintenance of computerized trading stations in a classroom setting
- Created in-house support operations including automating all software upgrade procedures
- Set up and maintained an in-house Windows for Workgroups network
- Created a client lead tracking system using ACT

Environment: C/C++, Windows, DOS, Workgroups, ACT

ProSource Distribution Services - Miami, Florida

Systems Consultant - December 1993 to January 1994

Provided programming assistance for the continued development of a warehouse conveyor delivery system.

- Coded a program to process productivity information from Unix flat files downloaded from remote sites via a WAN into VAX RDB databases
- Developed additional menu selections and data screens for users to modify productivity information
- Created several reports for productivity reporting
- Modified several existing programs to provide additional capabilities

Environment: C, RDB/SQL, VAX DCL, Unix Script, VAX DEC-Net to EtherNet

Virginia Pilot and Ledger Star - Virginia Beach, Virginia

Systems Consultant - November 1992 to December 1993

Designed, coded and implemented the replacement of DEC PDP-8 computers running the mailroom's traymatic delivery system with a STD-80 controller commanded by a DEC microVAX.

- Used Ziotech STD-80 controller with direct I/O control of plant equipment
- Implemented STD-80 to/from microVAX high volume communications
- Provided real-time scheduling and prioritizing on the microVAX
- Utilized a proprietary windows library to develop the user interface on the microVAX

Environment: C and RDB/SQL on VAX under VMS; C/C++ on STD-80 ix86 controllers

Compass Consultants Corporation - Yorktown, Virginia

Manager of Computer Services - August 1991 to November 1992

Provided real-time systems integration and development services to the material handling industry as a DEC DAO and Allen Bradley Systems Integrator.

- Project manager and customer liaison for the development of an air cargo handling system
- Designed the software architecture for an air cargo handling system and a newspaper plant production system
- Coded a major portion of both projects
- Implemented VAX/SET as a development environment

Environment: C, RDB/SQL, and CDD on VAX under VMS with automatic application failover to a redundant CPU and interprocess network communications

Tectonic Systems Incorporated - Virginia Beach, Virginia

Manager/Owner - January 1984 to July 1991

Marketing and consulting company providing automation systems and support services to the business community.

- Developed and implemented a marketing concept for a locally developed system to fully automate all aspects of construction companies
- Integrated systems in a multiple vendor and operating system environment with on-demand and batch communications
- Provided a base of over fifty clients with maintenance, modification and support

TARIFF FORMAT SHEETS

A. **Sheet Numbering** – Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. **Sheet Revision Numbers** – Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the FPSC. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc, the FPSC follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the check Sheet for the sheet currently in effect.

C. **Paragraph Numbering Sequence** – There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).1).

D. **Check Sheets** – When a tariff filing is made with the FPSC, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some pages). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the FPSC.

SECTION 2 - RULES AND REGULATIONS continued**2.2 Limitation (Cont.)**

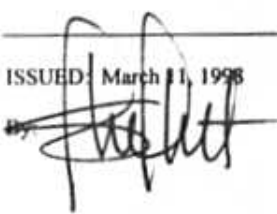

- 2.2.3 All facilities provided under this tariff are directly controlled by the Company and the customer may not transfer or assign the use of service or facilities, except with the express written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.
- 2.2.4 Prior written permission from the company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions for service.
- 2.2.5 Customers reselling or rebilling services must have a Certificate of Public Convenience and Necessity as an interexchange carrier for the Florida Public Service Commission.

2.3 Liabilities of the Company.

- 2.3.1 The Company's liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in the transmission occurring in the course of furnishing service or facilities, and not caused by the negligence of its employees or its agents, in no event shall exceed an amount equivalent to the proportionate charge to the customer for the period during which the aforementioned faults in transmission occur.
- 2.3.2 The Company shall be indemnified and held harmless by the customer against:
- (A) Claims for libel, slander, or infringement of copyright arising out of the material, data, information, or other content transmitted over the Company's facilities.
 - (B) All other claims arising out of any act or omission of the customer in connection with any service or facility provided by the company.

SECTION 2 - RULES AND REGULATIONS continued**2.6 Deposits**

The Company does not require a deposit from the customer.

2.7 Advance Payments

For customers whom the Company feels an advance payment is necessary, the Company reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges and if necessary a new advance payment will be collected for the next month.

2.8 Taxes

All state and local taxes (i.e., gross receipts tax, sales tax, municipal utilities tax) are listed as separate line items and are not included in the quoted rates.

2.9 Billing of Calls

All charges due by the subscriber are payable at any agency duly authorized to receive such payments. Any objection to billed charges should be promptly reported to the Company. Adjustments to customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates of that an adjustment may otherwise be appropriate.

SECTION 3 - DESCRIPTION OF SERVICE continued**3.2 Calculation of Distance**

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers that are produced by Bell Communications Research in the NPA - NXX V & H Coordinates Tape and Bell's NECA Tariff No. 4.

FORMULA:

The square
root of:
$$\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}$$

3.3 Minimum Call Completion Rate

A customer can expect a call completion rate **[EXPRESSED AS A PERCENTAGE]** (number of calls completed / number of calls attempted) of not less than 90% during peak use periods for all FG D services ("1+" dialing).

SECTION 3 - DESCRIPTION OF SERVICE continued**3.4 Service Offerings****3.4.1 InterCom Network, Inc. Long Distance Service**

InterCom Network, Inc. Long Distance Service is offered to residential and business customers. The service permits direct dialed outbound calling at a single per minute rate. Service is provided from presubscribed, dedicated or shared use access lines. Calls are billed in one minute increments. No monthly recurring charges or minimum monthly billing requirements apply.

3.4.2 InterCom Network, Inc. 800/888 (Inbound) Long Distance Service

InterCom Network, Inc. 800/888 (Inbound) Long Distance Service is offered to residential and business customers. The service permits inbound 800/888 calling at a single per minute rate. Service is provided from presubscribed, dedicated or shared use access lines. Calls are billed in six second increments, with a six second minimum call duration. No monthly recurring charges apply. A \$10.00 minimum monthly billing requirement applies. Customers whose monthly usage is less than the minimum will be billed the minimum amount.

3.4.3 InterCom Network, Inc. Calling Card Service

InterCom Network, Inc. Calling Card Service is a calling card service offered to residential and business customers who subscribe to the InterCom Network, Inc. Long distance Service calling plan. Customers using the Carrier's calling card service access the service by dialing a 1-800 number followed by an account identification number and the number being called. This service permits subscribers utilizing the Carrier's calling card to make calls at a single per minute rate. Calls are billed in one (1) minute increments after the initial minimum period of one (1) minute. There are no nonrecurring or monthly recurring charges. A calling card surcharge may apply.

SECTION 4 - RATES continued**4.7 Special Promotions**

The company will, from time to time, offer special promotions to its customers waiving certain charges. These promotions will be approved by the FPSC with specific starting and ending dates.

4.8 Special Rates For the Handicapped**4.8.1 Directory Assistance**

There shall be no charge for up to fifty calls per billing cycle from lines or trunks serving individuals with disabilities. The Company shall charge the prevailing tariff rates for every call in excess of 50 within a billing cycle.

4.8.2 Hearing and Speech Impaired Persons

Intrastate toll message rates for TDD users shall be evening rates for daytime calls and night rates for evening and night calls.

4.8.3 Telecommunications Relay Service

For intrastate toll calls received from the relay service, the company will when billing relay calls discount relay service calls by 50 percent off of the otherwise applicable rate for a voice nonrelay call except that where either the calling or called party indicates that either party is both hearing and visually impaired, the call shall be discounted 60 percent off of the otherwise applicable rate for a voice nonrelay call. The above discounts apply only to time-sensitive elements of a charge for the call and shall not apply to per call charges such as a credit card surcharge
