S

Gentlemen:

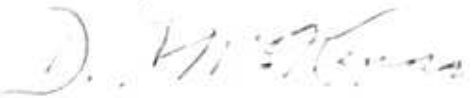

Please be advised that the City of Sebring transferred ownership of the natural gas pipeline to Tampa Electric Company in 1997.

I have enclosed a copy of a letter from TECO confirming transfer of ownership and maintenance of the pipeline, for your records.

Please remove my name and that of the City of Sebring, from your records and redirect future correspondence concerning the pipeline to the proper representative at TECO.

Should you have any questions in this regard, please contact me.

Sincerely,

D. C. McKenna  
Utilities Director

TAMPA ELECTRIC

August 18, 1997

Mr. DC. McKenna  
Utilities Director  
City Of Sebring  
368 So. Commerce Ave.  
Sebring, FL 33870

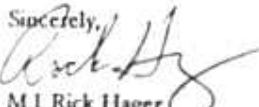

Dear Mr. McKenna:

This is to acknowledge receipt of the invoice for administrative costs associated with the gas pipeline, previously owned by the Sebring Utility Commission. I have approved the invoice for payment and requested that a check be issued and mailed to your attention. I would like to thank you for your assistance in reaching a satisfactory arrangement and concluding the transfer of ownership to Tampa Electric Company.

Jim Estes of our Legal Department has been in touch with Mike Swaine, City Attorney, regarding the necessary documents and they are currently being prepared. I have also spoken with Mr. Andrew Jackson regarding the easements, rights of way and title information for the pipeline. It is my understanding that these records are likely archived with other documents from the Sebring Utility Commission and Mr. Jackson will be searching for them next week.

Tom Culverhouse advised me that you had asked about the status of the pipeline and who was doing the maintenance now. Peoples Gas has assumed the responsibility for the maintenance and operation of the gas pipeline and has contacted the necessary regulatory agencies.

Don, I again want to say on behalf of Tampa Electric, THANK YOU to the City of Sebring for working with us on the ownership of this line until we could resolve the regulatory issues. We appreciate the working relationships and the friendships established over the years and look forward to many more!

Sincerely,  
  
M.J. Rick Hager  
Tampa Electric Company
